

CONTENTS

C O N T E N T S

Chapter No.	T i t l e	Page No.
I	Introduction ..	1
II	Trade and Distribution Channels ..	5
III	Review of Literature :	
	1) Historical perspectives ..	9
	2) <u>Tribulus</u> ..	9
	A) <u>Tribulus terrestris</u> ..	10
	a) Distribution ..	10
	b) General morphology ..	11
	c) Phenology ..	14
	d) Uses ..	15
	B) <u>Tribulus alatus</u> ..	16
	a) General morphology ..	16
	b) Uses ..	17
	C) <u>Tribulus rajasthanensis</u> ..	17
	a) General morphology ..	17
	3) <u>Zygophyllum</u> ..	17
	A) <u>Zygophyllum simplex</u> ..	18
	a) General morphology ..	18
	b) Uses ..	18
	B) <u>Zygophyllum coccineum</u> ..	18
	a) General morphology ..	18
	b) Uses ..	19
	4) <u>Fagonia</u> ..	19
	A) <u>Fagonia cretica</u> ..	19
	a) General morphology ..	19
	b) Uses ..	20

Chapter No.	Title	Page No.
III	Contd...)	
	5) Cytology ..	20
	6) Mineral nutrition ..	22
	7) Flavonoid glycosides ..	24
	8) Biogenesis of diterpene ..	25
	9) Isoperenoid compound ..	26
	10) Cultivation of medicianl plants ..	29
	11) Preparation of soil ..	31
	12) Propagation ..	32
	a) From seeds ..	32
	b) Vegetative method ..	32
	13) Collection drying and storage of drug ..	33
	a) Collection ..	34
	b) drying ..	35
	c) Storage ..	36
IV	Materials and Methods :	
	1) Method of cultivation ..	37
	2) Meiotic studies ..	38
	A) Fixation of bud ..	38
	B) Preparation of Stain ..	38
	C) Preparation of Slide ..	38
	3) Pollen studies ..	39
	A) Pollen fertility ..	39
	B) Pollen germination ..	40
	C) Method of Pollen morphological studies ..	41
	D) Scanning electron microscopic study ..	42
	4) Flavonoid glycosides of <u>Tribulus terrestris</u> L. ..	43
	A) Chromatographic separation of <u>Tribulus terrestris</u> L. leaves and seed. ..	43
	a) Preparation of Dragendorffs reagent ..	43

Chapter No.	Title	Page No.
IV	.. Contd..)	
4)	B) Assay of glycosides. ..	44
	a) Separation ..	44
	b) Preparation of Stahl's reagent ..	44
5)	Foliar application of micromutrients ..	45
6)	Estimation of Nitrogen ..	46
V	Results and Discussion :	
1)	Meiotic study ..	50
2)	Pollen study ..	54
3)	i) Pollen morphology ..	54
3)	Nitrogen content ..	56
4)	Flavonoid glycosides content of plant ..	57
	A) Flavonoid glycosides of seed collected from Kolhapur region ..	59
	a) TLC separation of Flavonoid glycosides. ..	61
	B) Flavonoid glycosides of seed collected from Solapur Region ..	62
	C) Flavonoid glycosides of seed collected from naturally growing population in Satara region ..	64
5)	Effect of foliar application of trace element Zn and Mn on flavonoid glycoside content of <u>Tribulus terrestris</u> L. ..	65
VI	Summary and Conclusion ..	71
VII	Bibliography ..	75
	Statement-I ..	
	Statement-II ..
