

List of Tables

<u>Table No.</u>	<u>Title</u>	<u>Page</u>
1	Epidemics of poisoning by pesticides reported in literature between 1952-1969.	5
2	Effect of Metacid and Dimecron on germination percentage of four different vegetable seeds after 72 h germination.	40
3	Effect of Metacid on α -amylase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	48
4	Effect of Dimecron on α -amylase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	49
5	Effect of Metacid on peroxidase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	53
6	Effect of Dimecron on peroxidase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	54
7	Effect of Metacid on catalase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	59
8	Effect of Dimecron on catalase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	60

<u>Table No.</u>	<u>Title</u>	<u>Page</u>
9	Effect of Metacid on acid-phosphatase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	64
10	Effect of Dimecron on acid-phosphatase activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	65
11	Effect of Metacid on protease activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	69
12	Effect of Dimecron on protease activity in the germinating seeds of bean, okra, guar and onion after 72 h germination.	70
13	Proline content in bean, okra, guar and onion seedlings in response to Metacid 1 h pre-treatment.	74
14	Proline content in bean, okra, guar and onion seedlings in response to Dimecron 1 h pre-treatment.	75
15	Proline content in bean, okra, guar and onion seedlings in response to continuous treatment of Metacid.	76
16	Proline content in bean, okra, guar and onion seedlings in response to continuous treatment of Dimecron.	77
17	Mitotic abnormalities induced by Metacid and Dimecron in bean, okra, guar and onion.	84
