

## LIST OF TABLES

Table	Title	Page
1	Leaf area factor in <u>S.grandiflora</u> , <u>M.pterygo-</u> <u>sperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	97
2	Leaf area of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	98
3.	Moisture content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	100
4	Chlorophyll contents of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	105
5	Chlorophyll contents of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	107
6	Carotene contents of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	111
7	Carbohydrate contents (soluble sugars and starch) of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	116
8	Carbohydrate contents (soluble sugars and starch) of different parts of <u>A.indica</u> , <u>A.</u> <u>arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	118
	...	

Table	Title	Page
9	Protein contents of different parts of .. <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>P.longifolia</u> , <u>A.arabica</u> and <u>L.leucocephala</u> .	126
10	Proline content (fresh wt) of different parts .. of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.offici-</u> <u>nalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	131
11	Proline content (dry wt) of different parts of .. <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	132
12	Nitrate reductase activity in young, mature .. and senescent leaves of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	138
13	Nitrite reductase activity in young, mature .. and senescent leaves of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	140
14	Polyphenols contents of different parts of .. <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> , <u>T.indica</u> , <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	145
15	Various polyphenols in different parts of .. <u>E.officinalis</u> .	150

---

Table	Title		Page
16	Various polyphenols in different parts of <u>A.arabica</u>	..	154
17	Various polyphenols in different parts of <u>P.longifolia</u>	..	157
18	Various polyphenols in different parts of <u>L.leucocephala</u>	..	160
