

LIST OF FIGURES

Figure	Title	After page
1	Forest types of India	.. 26
2	Area under forests in India	.. 34
3	Habit of <u>Sesbania grandiflora</u> , Pers.(A) and <u>Moringa pterygosperma</u> , Gaertn.Fruct.(B)	.. 73
4	Habit of <u>Emblica officinalis</u> Gaertn.Fruct.(A) and <u>Tamarindus indica</u> , Linn. (B)	.. 76
5	Habit of <u>Azadirachta indica</u> , A.Juss. (A) and <u>Acacia arabica</u> , Willd. (B).	.. 79
6	Habit of <u>Polyalthia longifolia</u> , Benth.and Hook. (A) and <u>Leucaena leucocephala</u> , Linn.(B)	.. 82
7	Moisture content of different parts of <u>S.</u> <u>grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 101
8	Moisture content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 102
9	Chlorophyll content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 105
10	Chlorophyll content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 108
11	Carotene content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 111
		...

Figure	Title	After Page
12	Carotene content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 112
13	Soluble sugars content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 119
14	Soluble sugars content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 120
15	Starch content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 121
16	Starch content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> , and <u>L.leucocephala</u> .	.. 122
17	Protein content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> .	.. 127
18	Protein content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 128
19	Proline content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> (fresh matter).	.. 133
20	Proline content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> (fresh matter).	.. 133
21	Proline content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> , <u>E.officinalis</u> and <u>T.indica</u> (dry matter).	.. 134

...

Figure	Title	After Page
22	Proline content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> (dry matter).	.. 134
23	Polyphenol content of different parts of <u>S.grandiflora</u> , <u>M.pterygosperma</u> and <u>T.indica</u> .	.. 146
24	Polyphenol content of different parts of <u>A.indica</u> , <u>A.arabica</u> , <u>P.longifolia</u> and <u>L.leucocephala</u> .	.. 147
25	Polyphenols in the soluble fraction of <u>E.officinalis</u> young leaves.	.. 151
26	Polyphenols in the soluble fraction of <u>E.officinalis</u> mature leaves.	.. 151
27	Polyphenols in the soluble fraction of <u>E.officinalis</u> senescent leaves.	.. 152
28	Polyphenols in the soluble fraction of <u>E.officinalis</u> bark.	.. 152
29	Polyphenols in the soluble fraction of <u>A.arabica</u> young leaves.	.. 155
30	Polyphenols in the soluble fraction of <u>A.arabica</u> mature leaves.	.. 155
31	Polyphenols in the soluble fraction of <u>A.arabica</u> senescent leaves.	.. 155
32	Polyphenols in the soluble fraction of <u>A.arabica</u> bark.	.. 155
33	Polyphenols in the soluble fraction of <u>P.longifolia</u> young leaves.	.. 158
	

Figure	Title	After Page
34	Polyphenols in the soluble fraction of <u>P.longifolia</u> mature leaves.	.. 158
35	Polyphenols in the soluble fraction of <u>P.longifolia</u> senescent leaves.	.. 158
36	Polyphenols in the soluble fraction of <u>P.longifolia</u> bark.	.. 158
37	Polyphenols in the soluble fraction of <u>L.leucocephala</u> young leaves.	.. 161
38	Polyphenols in the soluble fraction of <u>L.leucocephala</u> mature leaves.	.. 161
39	Polyphenols in the soluble fraction of <u>L.leucocephala</u> senescent leaves.	.. 162
40	Polyphenols in the soluble fraction of <u>L.leucocephala</u> bark.	.. 162
