LIST OF TABLES

No.	Title	Page
1	Effect of NaCl salinity on some growth parameters of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	34
2	Effect of NaCl salinity on mineral constituents of the young leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	37
3	Effect of NaCl salinity on mineral constituents of the mature leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	39
4	Effect of NaCl salinity on mineral constituents of the stem of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	41
5	Effect of NaCl salinity on mineral constituents of the roots of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	44
6	Effect of NaCl salinity on mineral constituents of the young leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	46
7	Effect of NaCl salinity on mineral constituents of the mature leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	49
8	Effect of NaCl salinity on mineral constituents of the stem of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	51
9	Effect of NaCl salinity on mineral constituents of the roots of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	53

No.	Title	Page
10	Effect of NaCl salinity on the number of medullary rays and diameter of xylem vessels in the vascular tissue of roots of groundnut and Sesbania grandiflora ..	60
11	Effect of NaCl salinity on the leaf juice acidity (TAN), chlorophyll and polyphenol content of the young leaves of groundnut (Arachis hypogaea L.) Var.SB-11 and Sesbania grandiflora ..	63
12	Effect of NaCl salinity on leaf Juice acidity (TAN), chlorophyll and polyphenol contents of the mature leaves of groundnut (Arachis hypogaea L.) Var. SB-11 and Sesbania grandiflora ..	65
13	Effect of NaCl salinity on carbohydrates, total nitrogen and proline contents of the young leaves of groundnut (Arachis hypogaea L.) Var.SB-11 and Sesbania grandiflora ..	67
14	Effect of NaCl salinity on carbohydrates, total nitrogen and proline contents of the mature leaves of groundnut (Arachis hypogaea L.) Var.SB-11 and Sesbania grandiflora ..	68
15	Effect of NaCl salinity on carbohydrates, total nitrogen and proline contents of the stem of groundnut (Arachis hypogaea L.) Var.SB-11 and Sesbania grandiflora ..	70
16	Effect of NaCl salinity on carbohydrates, total nitrogen and proline contents of the roots of groundnut (Arachis hypogaea L.) Var.SB-11 and Sesbania grandiflora ..	71

No.	Title	Page
17	Effect of NaCl salinity on the activities of hydroxyperoxidases and acid phosphatase in the young leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	78
18	Effect of NaCl salinity on the activities of hydroxyperoxidases and acid phosphatase in the mature leaves of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	80
19	Effect of NaCl salinity on the activities of hydroxyperoxidases and acid phosphatase in the roots of groundnut (*Arachis hypogaea* L.) Var.SB-11 and *Sesbania grandiflora* ..	82
20	Effect of NaCl salinity on the activities of nitrate reductase (*in vivo*) in different parts of groundnut (*Arachis hypogaea* L.) Var. SB-11 and *Sesbania grandiflora* ..	84
