

ACKNOWLEDGEMENT

At the outset, I feel a great pleasure to express my deep sense of gratitude towards my research guide Dr. A.B. Sabale, whose able guidance and constant inspiration enabled me to finalise this piece of work. Her noteworthy suggestions contributed a lot in my research work. It is my great privilege that I have had the opportunity of working under her guidance.

I am very much thankful to Prof. B.A. Hegde, Head of the Botany Department for his constant encouragement and the facilities provided to me.

My sincere thanks are due to Dr. L.J. Bhosale and Dr. T.M. Patil for their valuable suggestions throughout the work.

I also wish to extend my thanks to Shri S.B. Desai, Shri G.S. Kulkarni, Shri S.S. Patil, Shri A.R. Supate, Dr. P.K. Kulkarni, Shri V.P. Pawaskar and Shri R.S. Suryavanshi for their co-operation.

I am deeply grateful to my parents for their constant encouragement throughout my career.

I must thank Mr. Ravan for the tracing work and Mr. Vinayak Dongare for prompt and neat typing.

Finally, I express my deep sense of gratitude to all my well wishers.
