

PREFACE

It gives me great pleasure to present this dissertation. The writing on Karmaveer Bhauroo Patil and the work done by the Rayat Shikshan Sanstha is infact an education to me.

I got my appointment as a Secondary teacher in Rayat Shikshan Sanstha in the year 1965. And still I am working in this Sanstha.

While writing this dissertation the Authorities of Rayat Shikshan Sanstha have offered me all possible co-operation.

The experience in the Secondary Schools and Junior Colleges brought me into close contact with inner working machinery of the Rayat Shikshan Sanstha during the last twenty seven years. This experience gave me the real picture of work done by Rayat Shikshan Sanstha in the State of Maharashtra, especially in rural areas.

I also got valuable information about the ideal working of Rayat Shikshan Sanstha from the (Public Speeches delivered by Late Shri Yeshwantrao Chavan, the Ex-foreign Minister of Government of India, Honourable Shri Sharad Pawar, Honourable Chairman of Rayat Shikshan

Sanstha, Principal Shri N.D. Patil, Ex-Vice-Chancellor of Shivaji University, Mr. P.G. Patil, Mrs. Sumtibaie Patil, Chairman of Maharashtra Public Service Commission.

Information was also collected from the Life Members of Rayat Shikshan Sanstha and from Principals, Head-Masters and other co-workers of the Rayat Shikshan Sanstha.

I have had many talks about Rayat Shikshan Sanstha with key-position personalities outside the Sanstha and to those who have been directly related to Karmveer Bhauroao Patil.

Whenever I was found in difficulty principal Dr. V.N. Mohire has guided me. I am also thankful to Shri Dr. Chandrakant More, Principal of College of Education, Barsi, for his kind co-operation and guidance.

Shri PANDHARINATH L. BHUJANG has typed this dissertation in very short period. My thanks are also due to him.
