CHAPTER	TITLE	PAGE NO.
I	INTRODUCTION	... 1
II	REVIEW OF LITERATURE ON PHYSIOLOGY OF DROUGHT RESISTANCE	... 4
	1. Introduction	4
	2. Effect of Water stress on Physiology of a Plant	6
	A. Growth and development	6
	B. Mineral nutrition	8
	C. Organic constituents	10
	i) Carbohydrates	10
	ii) Polyphenols	12
	iii) Total nitrogen	13
	iv) Proline	14
	D. Effect on generalized sensitivity of plant processes	17
	3. Mechanism of Drought Tolerance	20
	A. Introduction	20
	B. Classification of drought resistance	20

CHAPTER	TITLE	PAGE NO.
III	LITERATURE ON SORGHUM	... 22
	1. Introduction	22
	2. Cultivation Practices in Maharashtra	22
	3. Agroclimatic Conditions	23
	A. Soil types	23
	B. Seasons	24
	C. Rain fall	24
	D. Manures and fertilizers	24
	4. Sorghum in India	25
	5. Improvement and Breeding in Sorghum	26
	6. Hybrid in Sorghum	27
IV	DROUGHT RESISTANCE	... 31
	(Responses of SPV-504 and RSV-10R varieties of sorghum to Water Stress).	
	1. Introduction	31
	2. Material and Methods	34
	3. Results and Discussion	37

(iii)

---

CHAPTER	TITLE	PAGE NO.
IV	A. Effect of water stress on soil temperature	37
	B. Effect of water stress on soil moisture percentage	40
	C. Effect of water stress on chlorophyll contents	46
	D. Stomatal behaviour during water stress	52
	i) Opening and closing mechanism	52
	ii) Size and distribution of stomata	55
	iii) Daily periodicity of stomatal opening and closing	56
	iv) Factors influencing opening and closing of stomata	58
	v) Effect of water stress on stomatal behaviour in SPV-504 and RSV-10R varieties of sorghum	62
	E. Effect of water stress on inorganic constituents	67
	i) Potassium	67
	ii) Calcium	72
	iii) Magnesium	74
	iv) Sodium	75
