

ACKNOWLEDGEMENT

It is my present duty to offer my sincere thanks to Dr. A.N. Thite, Department of Botany, Shivaji University, Kolhapur under whose guidance and encouragement I had the opportunity to work. He showed great interest in my work and I shall ever remain grateful for his inspiring guidance, valuable advice and unfailing support in bringing this work to completion.

Special acknowledgement is given to Late Prof. Dr.G.V. Joshi under whose direction the work was begun, I am grateful for his keen interest and providing the laboratory facilities. I wish to express my gratitude to Dr. U.K. Kulkarni, Head of Botany Department, Shivaji University, Kolhapur. I wish to express my sincere gratefulness and special thanks to Mr. C.R. Patil, Mr. C.V. Murumkar and Miss Savita H. Patwardhan at every moment for their help in completion of this piece of work. My special thanks are due to my parents and my brothers for their interest and encouragement in my work.

My gratitude is extended to my teachers and friends those who helped to me in one way or another for my dissertation work. I must acknowledge the help of all research students and thanks are also due to other non-teaching staff members of Botany Department for their general help.

The author is very much indebted to Mr. M.R. Deshmukh for his help in Photography and Mr. P.R. Chougule for his help in clean and prompt typing.
