From July 1989, I worked on the project entitled " An Assessment of the Influence of Family Background on the Learning of English".. The project was time consuming as it demanded a good deal of field work analysis and tabulation of data collected from four different schools in and around Warananagar. I sincerely feel that this project would have prolonged for the indefinite time had I not been lucky to get co-operation from all concerned.

Dr. P.B. Patil, Reader, Department of English, Shivaji University , Who was my research guide has made many valuable suggestions. He read several drafts of the manuscript and made detailed and incisive Comments on them. I have indeed no words to thank him.

I am grateful to Dr. S.V, Shastri, Professor and Head, Department of English, Shivaji University, who suggested that I should work critically on this project and gave me a necessary guideline.

I express my sincere gratitude towards Dr. Surunath Nadgonde, Reader and Head, Department of Sociology, Shri Y.C. Warana Mahavidyalaya , Warananagar. His suggestions and recommendations of certain 'Classics' in Sociology gave me a necessary insight in the Sociological perspective of the research problem.

The headmasters and teachers of the schools took keen interest in my project. They gave me free hand in conducting the Test and administering the schedule. Moreover they made all the documents like rollcalls, information about the students, result sheet etc. readily available. I am really grateful to all of them.

I can not help mentioning the kindness of my intimate friends Mrs. Sunanda Nadgonde, Mrs. Mangala Khot & Mrs. Jyoti Kulkarni, who as trained investigators elicited the necessary information with the help of the schedule. Their sincerity and kindness can not be adequately acknowledged only by the word 'thanks'.

I shall never forget the help rendered by the librarians of - Shri Y.C. Warana Mahavidyalaya, Warananagar, Willingdon College, Sangli, Bhogawati College, Karukuli and Br. Balasaheb Kardekar library, Shivaji University. I thank them all as they generously placed their libraries at my disposal.

Last but not the least, I am indeed indebted to the students selected in the sample considering their age, one has to admire their patience as they had to answer so many queries pertaining to their family life. Their contribution to this research project is indeed immeasurable.

Mrs. S.P. Kulkarni,
