

STATEMENT - I

The present work is a continuation of earlier work from our laboratory to fill up the gaps in our knowledge. So far no attempt has been made on autecology of Avicennia species. This work is original one and has not been previously submitted for the award of degree.

STATEMENT - II

This work reports a new investigation. The source from which information is gathered have been listed in the references. The current journals, reviews, text-books and monographs have been extensively referred and co-related. Every attempt has been made to keep reference work as up to date as possible.
