

## LIST OF FIGURES

---

Chapter	Figure No.	T i t l e	Page
3	1	Effect of Length-variation on sprouting potential	15
	2	Effect of Girth-size variation on sprouting potential	16
	3	Effect of Plant growth regulators (PGR) on sprouting potential.	18 20
	4	Effect of Keradix treatment on sprouting potential.	22
	5	Effect of Morphological positions on sprouting potential	24
	6	Survival percentage of seedlings	30
	7	Effect of male and female cuttings on sprouting potential.	45
