

## LIST OF FIGURES

| <b>Fig. No.</b> | <b>D e s c r i p t i o n</b>   | <b>After Page</b> |
|-----------------|--|-------------------|
| 1               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 30                |
| 2               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 31                |
| 3               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 30                |
| 4               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 31                |
| 5               | Effect of substrate concentration the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.      | 30                |
| 6               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.   | 31                |
| 7               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.   | 30                |
| 8               | Effect of substrate concentration on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.   | 31                |

| Fig. No. | Description   | After Page |
|----------|---|------------|
| 9        | Effect of pH of the assay medium on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 35         |
| 10       | Effect of pH of the assay medium on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L. | 35         |
| 11       | Effect of pH of the assay medium on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.   | 35         |
| 12       | Effect of pH of the assay medium on the activity of enzyme peroxidase in the leave of <i>Portulacã oleracea</i> L.    | 35         |
| 13       | Effect of temperature on the activity of enzyme peroxidase in the leaves of <i>Sesbania grandiflora</i> L.            | 39         |
| 14       | Effect of temperature on the activity of enzyme peroxidase in leaves of <i>Sesbania grandiflora</i> L.                | 39         |
| 15       | Effect of temperature on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.              | 40         |
| 16       | Effect of temperature on the activity of enzyme peroxidase in the leaves of <i>Portulaca oleracea</i> L.              | 40         |
| 17       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.  | 45         |

| Fig. No. | Description   | After Page |
|----------|---|------------|
| 18       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.          | 45         |
| 19       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.          | 45         |
| 20       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.          | 45         |
| 21       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 45         |
| 22       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 45         |
| 23       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 45         |
| 24       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 45         |
| 25       | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk.) peres. | 45         |

| <b>Fig. No.</b> | <b>D e s c r i p t i o n</b>   | <b>After Page</b> |
|-----------------|--|-------------------|
| 26              | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk) peres  | 45                |
| 27              | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk) peres. | 45                |
| 28              | Effect of substrate concentration on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk) peres. | 45                |
| 29              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> (L).        | 49                |
| 30              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.          | 50                |
| 31              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 50                |
| 32              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.            | 50                |
| 33              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk.) peres. | 50                |

| <b>Fig. No.</b> | <b>D e s c r i p t i o n</b>  | <b>After Page</b> |
|-----------------|---|-------------------|
| 34              | Effect of pH of the assay medium on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk) peres. | 50                |
| 35              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.                    | 54                |
| 36              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Sesbania grandiflora</i> L.                    | 54                |
| 37              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.                      | 55                |
| 38              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Portulaca oleracea</i> L.                      | 55                |
| 39              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk) peres.            | 56                |
| 40              | Effect of temperature on the activity of enzyme catalase in the leaves of <i>Kalanchoe pinnata</i> (Lamk ) peres.           | 56                |
