

LIST OF RECORDED SPECIES OF ORDER HELOTIALES

↓
from which pool of the
country here are recorded

- I) Family: Geoglossaceae :
- List of recorded species of Geoglossum
 Persoon ex, Fries (1794)
1. Geoglossum fallax Durand (1908) , Ghadge (1987), Sawant (1989).
 2. G. difformie fries var. variable Mains (1954) Ghadge (1987) Sawant (1989).
 3. G. Pumilum Wint. var. variable var. nova, Ghadge (1987), Sawant(1989).
 4. G. Pygmaeum Gerad ex. Durand (1908), Mains (1954), Ghadge (1987), Sawant (1989).
 5. G. Pygmaeum Gerad ex Durand var. Variable variable van. novg Patil and sawant (1989).
 6. G. Simile Peck (1873), Mains (1954), Batra (1960), K.S. Thind (1961) , Ghadge (1987), Sawant (1989).
 7. G. japonicum Imai (1941), Mass Geesternsuns (1984), Sawant (1989).
 8. G. umbratile Sacc. var. Umbratile Mass Geesteransuns (1965), Tal. (1944), Batra and Batra and Batra (1963), Thind (1961) Ahmad (1956) Ghadge, (1987), Sawant (1989).
 9. G. umbratile Sacc. var. longispora var. nova. Patil andSawant (1989).
 10. G. glabrum Mains var. glabrum Mains (1954) Ghadge (1987), Sawant (1989).

11. G. nigratum Mains var.nigratum Mains (1954),
Ghadge (1987), Sawant (1989)
12. G. nigratum Mains var.longispora, Ghadge (1987),
Patil and Sawant (1989)
13. G.hirsutum Pers (1902), Thind and Singh (1964),
Patil and Patil (1980)
14. G.cohaerens Durand (1908), Sawant (1989)
15. G.glutinatum Pers.ex.Fries (1821), Thind and Singh (1964)
Patil and Patil (1980),Ghadge (1987),
Sawant (1989).

List of recorded species of Neolecta spgazzini.

Neolecta vitellina (Bres.) Korf and Rogers (1971),Patil and
Sawant (1989).

List of recorded species of Trichoglossum Boudier (1885).

1. Trichoglossum veluptipes (Peck), Durand (1908),
Thind (1963), Ghadge (1987).
2. T.hirsutum (Per.ex.fr.)Boud.(1907),Mains (1954),
Patil and Patil (1980), Ghadge (1987),
Sawant (1989)
3. T.hirsutum Var.heterosporum Mains (1954)
Ghadge (1987), Sawant (1989)
4. T.hirsutum var. irregularae Mains (1954),
Ghadge (1987), Sawant(1989)

5. T.hirsutum var. longisporum (Tai), Mains (1954),
Ghadge (1987), Sawant (1989)
6. T.walteri (Berk), Durand (1908), Mains (1954),
Thind (1961), Tai (1944), Ghadge(1987),
Sawant (1989)
7. T.variable (Dur.) Nan feldt (1942), Ghadge (1987),
Sawant (1989).
8. T.rasum Patouillard (1909), Ghadge (1987)
Sawant (1989).
9. T.octopartitum Mains (1954), Batra and Batra (1966),
Thind and Singh (1961-65),Ghadge (1987).
10. T.octopartitum var.octopartitum, Ghadge (1987),
Sawant (1989).
11. T.octopartitum var.irregulariae var.nova, Ghadge (1987),
Sawant (1989).
12. T.octopartitum var.heteroseptata Ghadge (1987),
Sawant (1989)
13. T.radhanagarensis Patil and Patil (1980), Sawant (1989).
14. T.durandii Teng (1944), Patil & Patil (1980),
Sawant (1989).
15. T.pumilum Wint (1889), Patil & Patil (1980).
16. T.wrightii Durand(1921), Tai (1944),
Patil and Patil (1980)
17. T.tetrasporum Sinden and Fitzp (1930),
Patil and Sawant (1989).

Recorded species of Spathularia Fries (1829).

Spathularia flavida var. ramosa Mains (1955),
Ghadge (1987), Sawant (1989).

Recorded species of Thuemenidium O. Kuntze (1891)

Thuemenidium macrospora sp. nova Ghadge (1987) Sawant(1989)

Recorded species of Mitrula Fries, 1822.

Mitrula paludosa, Fries (1821), Mains (1956), Ghadge (1987).

II) Family : Hyaloscyphaceae

* List of recorded species of Dasyscyphus S.F. Gray (1821)

1. Dasyscyphus acuum (Albertini and Scheweinitz ex person),
Saccardo (1889), Dennis (1962), Ghadge (1987)
2. D. albotestaceus (Desmazieres) Masee (1895), Dennis (1962),
Ghadge (1987).
3. D. brasiliensis (Mont.) Le Gal (1953), Haines, Sharma, and
Rawla (1980), Ghadge (1987).
4. D. corticola (Masee), Dennis (1961), Masee (1898),
Thind and Sainil (1967), Ghadge (1987).
5. D. fuscescens (Persoon), S.F. Gray (1821), Ghadge (1987).
6. D. lecophaeus (Pers. ex. Weirm), Masee (1895), Thind and
Singh (1968), Ghadge (1987).
7. D. mollissimus (Lasch) Dennis (1858), Dennis (1980),
Ghadge (1987).
8. D. palearum (Desm.) Masee var. niger Dennis (1980),
Dennis (1979), Ghadge (1987).

9. D. spiralis Sp.nova Ghadge and Patil (1987).
10. D. ulei (Wint.) Sacc.(1889), Dennis(1954),
Hains (1980).
11. D. chermisinus Cash, Corner (1948), Hains (1980).
12. D. thindii Sharma Sp.nov. (1983).
13. D. luteogranulatus Hains and Sharma sp.nov.,1980.
14. D. albopileatus (cooke)sacc.Syll.Fung.(1889),
Sharma and Rawla Haines, (1980).
15. D. cerinus (Pers.per Pers.: Fr.) 1870, Haines
Sharma and Rawla (1980).
16. D. fimbriifer (Bert.K Curt.) Sacc. 1889 var.fimbriifer,
Haines (1980).
17. D. fimbriifer (Dennis), Haines, (1980).
singerianus
18. D. brevisporus (O tani), Haines, (1980).

19. D.varians Rehm, Hedwigia var.varians Haines (1980)
20. D.varians var.pteridophyllus (Rodw.) Haines,(1980).
21. D.oncospermatis (Berk.& Dr.) var. oncospermatis sacc,
Haines (1980).
22. D.oncospermatis var.macrosporus (Penz. & sacc.)
Haines (1980).
23. D.papyraceus (Karst),1884), Thind & Singh (1972)

List of recorded species of Hymenoscyphus S.F.Gray.

1. Hymenoscyphus flavo-fuscescens (Bres.) Dennis (1964),
Ghadge (1987).
2. H. montaniensis (Ell.and And.)Dennis (1964), Ghadge (1987).
3. H.subserotinus (P.Henn.and Hym.) Dennis (1964), Le Gal (1953)
Thind and Singh (1972) Ghadge (1987).

4. H. epiphyllus (Per. ex Fr.) Rehm(1929), Durand(1981), Ghadge (1987).
5. H. repandus (Phillips) Dennis (1964), Ghadge (1987)
6. H. vernus (Boudier) Dennis (1964), Ghadge (1987)
7. H. obscuratus Sp.nov. Thind and Singh (1972)
8. H. javanicus (P.Henn.Dennis) 1964,Thind and Singh (1972)
9. H. miniatus (Pat.apud, Duss) Dennis (1964),Thind and Singh(1972)
10. H. crocatus (Mont.) Thind and Singh (1972).
11. H. cereum (Rick) Dennis (1964).
12. H. lasiopodius (Patouillard), Dennis (1964)
13. H. musicola (Dennis) Dennis (1962).

III) Family : Leotiaceae

List of recorded species of Leotia Hill.

- 1) Leotia viscosa Fries (1822), Mains (1956), Ghadge (1987).
- 2) L. albiceps (Peck). Mains (1956), Ghadge (1987).
