

A C K N O W L E D G E M E N T

To have worked under the guidance of

Dr. G. G. Asgekar,  
M. Sc. , Ph. D. , M. A. S. I. , M. I. S. C. ,  
Department of Mathematics,  
Shivaji University, Kolhapur, .

is a unique privilege for me. His profound knowledge, his enthusiasm and his industry helped me immensely to overcome moments of despair. During the year, he served as a perpetual source of inspiration for me. It is he, who aroused and nurtured interest in me for relativity. It is due to his able guidance my entry in this everdeveloping field became possible. Though the heart is full of thankfulness, words fall short in expressing this feeling. Nevertheless, I take this opportunity of recalling with gratitude and reverence all the help that he so generously bestowed on me.
