

ACKNOWLEDGEMENTS

I wish to express my deep gratitude and sincere thanks to Dr.S.H.Pawar, my research guide, Reader in Solid State Physics, for his valuable inspiring guidance, constant encouragement, deep interest throughout the progress of this investigation.

I am highly grateful to Prof. R.N.Patil, Head, Department of Physics of this University for making me available the laboratory facilities. I am very much thankful to Dr.C.D.Lokhande, Lecturer, department of Physics, Shivaji University, Kolhapur for his constant, generous and valuable help. The author is also grateful to the members of Energy Conversion group, for their useful discussion and experimental assistance.

I wish to express my thanks to the staff of the Departmental Workshop, University Services and Instrumentation Centre (USIC) for their proficient support.

I consider it my solemn duty to thank Principal Dr.V.C.Kolhe, Bhusaval Arts, Science and P.O.Nahata Commerce College, Bhusaval, for his encouragement and inspiration during the period of my work.

This work has been made possible due to Teacher Fellowship awarded by the University Grants Commission (UGC) New Delhi. I express deep sense of gratitude to U.G.C. Delhi.

My deepest thanks and appreciations are reserved for my parents and my family members. They have given more meaning into this work.

The expert and neat typing of the manuscript by Mr.Gosavi is much appreciated.

KOLHAPUR :

A.B. JAWALE
