

## ACKNOWLEDGEMENT

I express my sincere thanks and regards to my guide Dr. A.V. Rao, Department of Physics, Shivaji University, Kolhapur, for his invaluable guidance and constant encouragement throughout the course of this work. The successful completion of this work is entirely due to his able guidance. Without his effort, I could not have completed this work within the time limit.

I am also thankful to Prof. R.N. Patil, Head of the University Department of Physics, Shivaji University, Kolhapur for his valuable help and keen interest and providing laboratory facilities.

I am thankful to Prof. Tyagarajan, Head, R.S.I.C., I.I.T., Bombay for his help in X-ray rotation method. Also I am thankful to Prof. Sethy, Head, Metallurgical Engineering Deptt., I.I.T., Bombay for X-ray powder method.

I am grateful to Dr. Pinto and Dr. Ray for Laue method and Scanning Electron Microscopy from T.I.F.R., Bombay.

I also thank the Registrar of Shivaji University, for having helped me in sending three research papers, from the present thesis, for publication to the Journal of Crystal Research and Technology, East Germany.

I am highly thankful to my Management authority and Principal B.K. Dongare for the award of teacher fellowship. I am also thankful to Mr P.D. Kamble, Mr G.V. Patil, Mr Ghatage, and other office staff and laboratory staff for their thorough co-operation in my work. I am also thankful to artist Sadanand Sutar for an artistic Photography and Mr V.G. Chopade for assistance in whatever possible.

contd.

ACKNOWLEDGEMENT: contd.

I would like to acknowledge my debt to my wife Mrs S.S. Patil, who helped me in my domestic and academic duties.

The financial assistance from the U.G.C. New Delhi is also acknowledge.
