

ACKNOWLEDGEMENTS

This work is the outcome of the constant encouragement and inspiring guidance of my research guide Dr. S. H. Pawar, Reader in Solid State Physics, Department of Physics, Shivaji University, Kolhapur. I express my deep gratitude and sincere thanks to him. I am thankful to Prof. R. N. Patil, Head, Department of Physics, for making available the laboratory facilities.

I am also grateful to the University Grants Commission for the award of Teacher Fellowship, Secretary, Shri Swami Vivekanand Shikshan Sanstha for study leave, Principal R. M. Chitnis, Vedkumar Vedalankar and Shri S. N. Kolhe, Head, Department of Physics, Ramkrishna Paramhense College, Osmanabad for valuable co-operation.

I am indebted to Mr. M. D. Uplane for his help in experimental work and many useful discussions.

Dr. S. H. Jagdale, Dr. C. D. Lokhande, Messers A. U. Warad, P. N. Bhosale, L. P. Deshmukh, Mrs. S. J. Kshirsagar, Miss S. P. Tamhankar and S. K. Jamadar, the members of the Energy Conversion Group, have kindly helped me in completing the various phases of this work.

My thanks are also due to teaching and non-teaching staff of the Department. Last but not the least, I must thank Shri A. G. Gosavi for his neat, correct typing.

Kolhapur.

July 1984.

V. V. Bhad
