

LIST OF PUBLICATION

1. Commercial Redox Storage Cell Formed with Electrodeposited CdSe AS Semiconductor Septum, Representation at National Conference on Thin Film Processing and Applications, held at Tirupati, Jan., 1995.
2. Studies on Corrosion of Semiconductor Septum Cell Formed with FeCl₃ Electrolyte, Representation at National Conference on Development in Electronic Materials and Their Applications; Held at Shivaji University, Kolhapur, March, 1995.
3. Line Septum Solar Cell for Hydrogen Production, Submitted, Indian Journal of Pure and Applied Physics
4. Studies on Line Semiconductor Septum Solar Cell for Hydrogen (H₂) Production, Submitted, Energy Sources, Laramin, WY.
5. Room Temperature Electrochemical synthesis of Bi-based Superconducting Thin Films, Abstract, National Conference on Thin Film Processing and Applications, held at Tirupati, Jan., 1995.
6. Electrosynthesis of Hg-Based Superconducting Thin Film From Aqueous Bath, Abstract, Tirupati, Jan., 1995
7. Application of CdSe Thin Films in Semiconductor Septum Solar Cell, Abstract, National Conference on Development in Electronic materials and their Applications, Shivaji University, Kolhapur, March 1995.
