

ACKNOWLEDGEMENT

It gives me a great pleasure to express my deep sense of gratitude to my research guide, Dr. Vijaya Puri, Research Scientist 'B', Department of Physics, Shivaji University Kolhapur, who first introduced me to the field of 'Microwave Materials'. My research capabilities have been greatly enriched by her timely attention, valuable guidance and constant encouragement. I have no words to express my gratitude and feeling towards her.

It is my duty to express my deep sense of gratitude for the help and encouragement given by Dr. S. B. Rane, Scientist, C-MET, Pune.

I express my sincere gratitude towards Prof. R. N. Karekar, Emeritus Scientist, University of Poona, Pune, for stimulating discussions and valuable suggestions during the final stage of my work. I am also thankful to Prof. R. C. Aiyar, Department of Physics, Pune University, for her help during the work.

I take this opportunity to express my indebtedness to Prof. M. K. Soudagar, Head, Department of Physics, Shivaji University, Kolhapur, who allowed me to avail myself of the laboratory facilities.

My deep sense of gratitude also goes to Dr. S. C. Joshi, Principal and Shri. Virender Sharma, registrar of National Defence Academy, Khadakwasla, Pune, for their cooperation during this work. In addition I am grateful to Dr. M. K. Nagpal, Head and all colleagues of Physics Department, NDA. I am thankful to staff of Computer Science Department, NDA, for allowing me computer facility for the work.

I express my sincere thanks towards Mrs. Lonkar (Teacher Fellow), Ghorpade, Vankhande, Shirge, Mathe, Manish, Sadale, Pathan, Sartale,

Shivgan and many other research students of Physics Department Shivaji University Kolhapur for their help during each stage of this work.

I am also thankful to Research students of Department of Space Science, University of Poona, Pune , for their help of various kinds during the work.

My Special thanks are to Sachin Deshpande and his family members who have showed their best and sincere wishes upon me for the successful completion of this work.

I owe a lot to my friends for their cooperation, assistance, and guidance in the successful completion of this work. Vaishaili, Kalyani, Jini, Shreya, Mumtaj, Sandhya, Atula, Sunita are only few among them.

My appreciation and thanks are also due to my sisters-Sonal and Dhanshri, and all other relatives for their moral support.

I feel short of words at my command to express my warm feelings of gratitude to my Mother and Father, who encouraged me throughout my educational career. I am greatly indebted for their moral support. I am dedicating this work to my parents.

Finally, I would like to thank everybody who had helped me in some way or other during my research endeavour.

Medha Sathe
