

ACKNOWLEDGEMENT

I take this opportunity to thank all those who have been of immense help to me for completion of this work.

It gives me a great pleasure to express my sincere thanks with deep sense of gratitude to my guide Dr. H. V. Kulkarni for her scholarly and invaluable guidance throughout this work. Her constructive criticism proved a chief impetus to my work. This is formal acknowledgement but an adequate expression of my gratitude.

My sincere thanks to Professor, Dr.R.N.Rattihalli, Head, Deptt. of Statistics, Shivaji University, Kolhapur having provided me with the necessary facilities during the course. I am also grateful to Dr. D.T.Shirke and Dr.S.R.Kulkarni for their valuable guidance and co-operation.

I would like to take this opportunity to thank to all my friends for their encouragement and help which I received from them throughout this work . Thanks to my friend Manisha who helped me to overcome from my occasional blues. Also I would like to thank non-teaching staff for their help.

Last but not the least, I would like to thank my family for their constant encouragement, and inspiration to me. Without the help and blessings of my parents this would have been a 'Mission Impossible' to me.

*Department of Statistics,
Shivaji University,
Kolhapur.*

Ms. Vaishli V. Patil
