

ACKNOWLEDGEMENT

I wish to express my heartfelt gratitude to my research guide Dr. Ninad V. Shah, Reader in Zoology, Walchand College of Arts & Science, Solapur, and shall remain deeply indebted throughout my life to him for suggesting this important field for research, all kinds of help and for many scholarly, critical, inspiring discussions and constant encouragement during the entire period of this investigation.

I wish to thank Principal D.G.Chavan and Dr.S.D.Pishwkar, Head, Department of Zoology, Walchand College, Solapur, for providing all sorts of facilities to carry out this investigation.

I sincerely thank my colleagues R.A.Navale, B.N.Patne, R.S.Khatavkar and my students S.S.Dadke and D.V. Shah for the help rendered in various ways during the tenure of work.

I wish to thank Dr. A.T. Varute, Professor and Head, Department of Zoology, Shivaji University, Kolhapur for this encouragement.

I wish to thank Vaidya Prashant Bagewadikar, an Ayurveda Practitioner in Solapur, for providing some important information on the selected plant material.

I sincerely thank Dr. S.D.Pishwkar for the preparation of photoplates.

I would like to offer thanks to non teaching staff of the Zoology Department of Walchand College, Solapur for their kind co-operation during the research work.

I wish to thank Hindustan Antibiotics, Pune for providing me albino rats and the Director of Sheth Sakharam Nemchand Ayurved Rasashala, Solapur, for providing me the shed dried powder of Syzygium cumini seeds for the research work.

I wish to thank Mrs.R.N.Deshpande and Pradny Chandratray, for quick and efficient typing.

SOLAPUR

- S.N.AMBALDAGE.
