

A C K N O W L E D G E M E N T S

I take this opportunity to express my deep sense of gratitude to my research guide Dr. Jay Samant, for suggesting the research problem and giving the guidance throughout the period of investigations.

It is my duty to acknowledge the valuable help and encouragement given by Prof. A.T. Varute, Head, Department of Zoology for which I am thankful to him.

I express my sincere thanks to Dr. N.K. More who made valuable suggestions and extended all the academic help during the period of research. My thanks are also due to Dr. V.A. Sawant for his keen interest in the progress of my work.

Without the continuous and enthusiastic assistance of my research colleagues, Messrs Mohan Gojar, T.S. Lagali, B.M.H. Ahmed and Dr. I.S. Kalamade, this work would not have been completed in time. I am thankful to them all.

The timely and efficient typing of the manuscript by Shri Ghadage and photomicrography by Shri S.K. Sutar is worth mentioning, I am thankful to both of them.

Last but not the least I wish to express my thanks to the authorities of the Shetkari Shikshan Prasarak Mandal, Rethare (Bk.) and Principal, Dr. R.S. Jadhav, Krishna Mahavidyalaya, Shivnagar for providing me the necessary facilities to carryout the research.
