

ACKNOWLEDGEMENT

I take this opportunity to express my deep sense of gratitude to my Research Guide, Dr. H.G. Vibhute, for suggesting this topic, for guiding my work till the successful completion of this Dissertation. He has been a constant source of inspiration to me and is instrumental in training me as a research student in zoology.

I owe a heavy debt of gratitude to Dr. A.T. Varute, Professor and Head of the Department of Zoology, Shivaji University, Kolhapur for bestowing on me an opportunity for improvement of my qualification.

I am grateful to Prin. Swami, ex-Principal Shaikh and Prin. D.K. Khot, S.G.M. College, Karad for providing me all facilities and allowing me to work in the Department of Zoology during the course of the present investigation.

I am grateful to the Secretary and Joint Secretary of Rayat Shikshan Sanstha, Satara, who encouraged me during the course of my research work.

I must acknowledge the kind help of Dr. R.N. Patil, Zoology Department, S.G.M. College, Karad, who assisted me in the preparation of photomicrographs.

It is a pleasure to acknowledge the help of Prof. L.S. Bhosale, Head of the Department of Zoology, and other teaching and non-teaching staff of the Zoology Department of S.G.M. College, Karad.

My thanks are also due to Prof. A.R. Shejwal and Prof. Attar who helped me in the proof reading.

I am grateful specially to Dr. Mrs. Desai of Krishna Medical & Research Institute, Karad, who extended her helping hand to me whenever I required it.

I also thank Mr. Bondre for his valuable help in the preparation of the photomicrographs.

Last but not the least, I thank the University authorities, especially the Vice-Chancellor and the Registrar, Shivaji University, Kolhapur.

Kolhapur
November, '89.
