ACKNOWLEDGEMENT

Preferentially first acknowledgements of mine are in the favour of Dr. Shivadas Nanavare, Lecturer in Zoology, Department of Zoology, Shivaji University, Kolhapur, for suggesting this problem, for guiding the work till successful completion of this dissertation. Being dear friend of mine he has been a constant source of inspiration and encouragement. His able guidance, studied discussions, experienced remarks and pain taking efforts in all sorts of fields concerned made the dissertation towards a successful completion.

Dr. Appasaheb Varute, Professor and Head of the Zoology Department, Shivaji University, Kolhapur, is the another source of stimulation to me. He, my teacher since my post-graduate study, has aroused, developed and nurtured interest in zoology in me. Words will be inadequate in expressing my gratitudes towards him.

It will be my pleasant duty to offer thanks to the President, Lieutenant Colonel His Highness Shivaram Raje Bhonsale, authorities of S.R.D.S.P.Mandal, Savantwadi, Ex-I/C Principal Prabhakar Gumaste and I/C Principal Ghanashyam Aranake, who kindly permitted me to avail myself of a teacher fellowship.

I am grateful to all the members of teaching staff and non teaching staff of this department for their

brotherly help whenever I requested for.

I am thankful to all my M.Phil. colleagues and other research scholars. The cheerfulness of their company keep me going and it is deeply appreciated.

I thank Ramesh Bhise and his brother, Savantwadi for their assistance in photomicrographic preparations. The excellent type-script of the dissertation is prepared by Shri. Kishor Saraf, who has spared no pains in completing the type script of the dissertation. I express my deep sense of gratitude to him.

Last but not the least my wife Mrs. Bilwada Kulkarni and family members, where words fall short in expressing the feelings. Gratitude to them knows no bounds.
