

ACKNOWLEDGEMENT

I am extremely fortunate to have, as my guide Dr. M.M.Salunkhe, M.Sc.,Ph.D., Lecturer in Chemistry, Department of Chemistry, Shivaji University, Kolhapur. I take great pride and pleasure to acknowledge here the constant, generous and invaluable help, guidance and encouragement which he has been giving me throughout my work. I shall ever remain grateful to him for this.

I wish to express my deep sense of gratitude to Dr. M.H.Jagadale, Prof. and Head, Department of Chemistry, and Dr. R.B.Mane, Reader in Chemistry for their continuous encouragement and hearty co-operation which enabled me to complete this work. I am thankful to members of the teaching and non-teaching staff of this Department for their kind co-operation.

I am extremely grateful to the University Grants Commission, New Delhi for awarding me a Teacher Fellowship which enabled me to complete this work.

I am thankful to Prin. R.D.Gaikwad (Ex-Secretary), Prin. S.D.Patil, Secretary, Rayat Shikshan Sanstha, Satara and Prin. M.A.Shaikh, Science College, Satara for deputing me to the M.Phil. course.

I would like to record my thanks to my friends Sarvashri S.S.Shinde, D.G.Desai, U.V.Desai, S.S.Swami, V.T.Tarapore and R.D.Advant, for their kind co-operation during the period of present work.

(III)

I am thankful to Shri S.B.Desai (USIC) for recording some of the IR and NMR spectra.

I would be failing if I do not thank to my beloved wife sou. Sayeeda, my mother, father-in-law and mother-in-law, who looked after everybody at home and encouraged me to complete this work.

Lastly but not the least, I would like to express my thanks to Shri P.T.Patil for his neat and clean typing of this dissertation.

A.R. Sande
