

LIST OF RESEARCH PAPERS

International Conference on Superconductivity, Indian Institute of Science, Bangalore. Jan. 10-14, 1990.

- (1) Precipitation from homogeneous solution as a new method of synthesis of precursors of candidate superconductivity materials.

Volume of Abstracts, Pre. 4.8, P. 138

- (2) Kinetics and mechanisms of thermal changes in oxygenation-deoxygenation and related changes in the synthesis of superconducting materials through new precursor route.

Volume of Abstracts, Pre. 4.11, P. 140.

First Annual General Meeting of Materials Research Society of India. National Chemical Laboratory, Pune, Feb. 9-10, 1990.

- (3) Acetylacetonate precursor route for the synthesis of rare earth cuprates.
