

ACKNOWLEDGEMENT

I find it extremely difficult to express in words my gratitude to Dr. C.K. Bhaskare, Professor of Structural Inorganic Chemistry and Head of Inorganic Chemistry Section, Shivaji University for his inspiring and invaluable guidance, constant encouragement and parental outlook during the course of this research work. In spite of his busy schedule he was kind enough to give me time for discussing my work. I will never forget help that he so affectionately extended during the completion of this work.

I record my thanks to Dr. S.A. Patil, Department of Physics, Shivaji University for his helpful guidance. I am thankful to Prof. M.A. Natar, Bombay University for allowing me use of his X-ray diffractometer.

Finally, I wish to express my thanks to those who helped me directly and indirectly.

Department of Chemistry
Shivaji University, Kolhapur
May 28, 1990.

(Miss Vibhavari V. Dhapare)
