

CONTENTS

Chapter	Title		Pages
I	Superconductivity : Views from different angles	1 - 19
II	Precursor route through hydrolysis of diethyl oxalate	20 - 67
III	Acetylacetonate precursor route in ceramic preparations	68 - 107
IV	Further studies of oxidic materials	108 - 156
V	Summary	157 - 160
VI	Appendices	161 - 166
VII	List of Research Papers	167
