CHAPTER: 2 :: NATURE OF THE SCHEME AND ITS ADMINISTRATION ::

========

CHAPTER - 2 :: NATURE OF THE SCHEME AND ITS AUMINISTRATION ::

**第二次学学第四次企业** 

# I) THE SALIENT FEATURES OF THE VOCATIONAL SCHEME:

The Scheme of Vocationalised Education at 10+2 level aims at development of specific skills among the students, either for employment or self-employment. This scheme aims at blending together theory with practical or job experience. Here the learning process is expected to be greately enriched by integrating classroom teaching with on the job experience or practicals.

The features of the scheme can be mentioned as follows:

### 1. Permission for Starting the Courses:

In order to start Vocational Courses, institutions have to take permission from the Government. For this institutions have to make an application in the prescribed form. Then the Director of Technical Education selects the institutions. These institutions (Junior Colleges) can introduce Vocational Courses at the higher secondary classes viz. XIth and XIIth standards.

### 2. Admissions, Curriculum and Examinations:

These sejected institutions give admissions to these courses. Any institute cannot start more than four courses. Further each course can have a strength of maximum 25 students. After getting the requisite permission from the Director of Technical Education, an institution is competent to open a course in a vocational subject, only if a minimum of 20 students opt for it. This limit of 20 students is relaxable to 15 students in deserving cases by the Director of Technical Education or an Officer designated by him in this behalf.

tional courses in accordance with the scheme of subjects prescribed by the Maharashtra State Board of Secondary and Higher Secondary Education Board, Fune from time to time. These institutions also conduct examinations in accordance with the scheme given by the Board. In accordance with the regulations of the Board, a student is permitted to take a vocational subject in lieu of one language and one optional academic subject. According to the scheme of teaching, instructions comprise of classes in theory and practicals relevant to each subject.

In Commerce Group following methods are used for imparting instructions to vocational students:

### a) Teaching Method:

Along with other academic subjects, vocational subjects also have regular teaching periods every day 1.e. two periods per day.

### b) Field Visits:

In order to give the knowledge and experience of practical field, visits are arranged to offices, banks, insurance companies, warket places and industrial units. At least five visits should be arranged in Commerce Vocational Courses. For this 8.20/- per student per year are granted for expenses of the student.

### c) Guest Lectures :

In order to give the practical knowledge of a business, experts from the field are invited for delivering the lectures on different topics. An honorarium of B.25/-per period is paid to guest lecturer.

### d) Visit Reports:

After completion of visits, students are asked to write visit reports and record of them is maintained.

### e) On the Job Experience:

On the job experience is also to be given by placing the students in different business units.

For teaching periods of practicals tutorials

all the students of a Vocational Courses are split up into batches of managable number, so that practicals are effective. In case of vocational courses belonging to commerce group the batch for practical is of ten students.

## 3. Appointment of Teachers and Instructors:

For conducting the vocational courses the institutions are allowed to appoint teachers and instructors
on full-time and part-time basis. They can also invite
guest lecturers. Thirty two guest lectures are allowed
per course.

For conducting vocational courses in Commerce Group, one teacher and one instructor (Assistant to Vocational teacher) can be appointed for one subject. Full-time teacher should have the following qualifications and experience -

- a) Master's degree in at least IInd Class of a statutory university in the respective subject/faculty or its equivalent qualification recognised by the Government of Hebarashtra.
- b) 3 years' experience either in the teaching line or in the profession or both combined-his scale of pay is D. 500-20-700-25-900.

Instructor should also have 3 years' teaching or professional experience or both combined and at least Batchelors' degree in IInd class with respective subject.

For guest lectures - %.800/- per year per course are allowed as an honorarium.

qualifications and experience are not available—the Director of Technical Education is authorised to relax the above qualifications and experience on the basis of the merits of each case. Teachers in respect of whom the academic or professional qualifications are so relaxed have to acquire the prescribed qualifications within a period of five years.

- 8. Financial assistance to vocational courses is given by two ways:
  - a) Recurring Grants-in-aid which includes
    - i) Payment of salary and other allowances to the teachers.
    - ii) Payment of Salary and other allowances to the instructors.
    - 111) Payment to guest lecturer as honorirum %.800/- per year per course.
      - iv) Field visit expenses to students is. 20/- per student per year.
        - v) Purchase of raw materials and other consumable items required in connection of courses are not granted-to vocational commerce group, alongwith other vocational groups.

### b) Non Recurring Grants -

Institutions selected for teaching vocational subjects are expected to find resources on their own for meeting expenditure of non-recurring kind of items like purchase of equipment, setting up of workshops etc. Thus no institution can claim non-recurring expenses as a matter of right. However, as exception to the above rule such of the institutions as impart instruction in technical group may be given such grant by Government. However such grant is not given to commerce vocational group.

# II) THE ADMINISTRATIVE MACHINARY AND CONTROL ASPECT:

In order to implement and control vocational courses in the State of Maharashtra, following machinary is in existance.

### I. STATE INVEL:

At the state level, there is Ministry of Education, under its control there are three separate wings, looking after -

Source: Government of Maharashtra Education and Youth Services Department - Resolution No. VOC. 1078/ 4/XXXVIII - 1978

- 1. General Education
- 2. Technical Education and
- 3. Apprenticeship

To assist, to look after to control and to implement vocational courses there is -

1) The Directorate of Technical and Vocational Education at Bombay which is assisted by 2) Deputy Directorate of Technical and Vocational Education, Bombay.

### II) REGIONAL LEVEL :

For implementing and controlling vocational and Technical Courses four regions have been established namely:

- 1. Bombay Region
- 2. Fune Region
- 3. Nagpur Region
- 4. Aurangabad Region

These regions are under the control of the Regional Deputy Director of Technical and Vocational Education.

### III) DISTRICT LEVEL:

Fach and every region includes the number of districts. Kolhapur district comes under Pune Region. The Pune Region includes following districts:

- 1. Poona District
- 2. Satara District
- 3. Solapur District
- 4. Ahmadnagar District
- 5. Sangli district

For implementing and controlling vocational courses of each district there is the post of "District Vocational Education Officer" who has the direct linkage with Junior Colleges, conducting these Vocational Courses.

### SELECTION PROCEDURE OF INSTITUTIONS:

The permission for starting vocational courses is not given by the State Government to all Junior Colleges. For selecting the institutions following procedure is followed:

Education gives an advertisement, requesting all institutions in his region to make applications in the prescribed forms for starting vocational courses. Many times the District Vocational Education Officer also sends letters to all institutions requesting them to send prescribed application form within the particular time limit. In the form following type of information is required - infrastructural facilities like library, hostel, teaching staff. Along with application form, other required documents should also be sent.

After the receipt of applications scrutiny is undertaken. Those applications meeting basic requirements are separated and list of those institutions is prepared.

The panel of Inspection is sent to varify various facilities as mentioned in the applications. This

Committee consists of 4 to 5 members - Regional Dy.

Director of Education or his representative, District

Vocational Education Officer, one or two subject experts.

This Committee prepares Inspection Report.

After inspection, selected forms are sent directly to the Director of Vocational Education, Bombay along with Inspection Reports and recommendations. Then the permissions are granted and communicated to institutions. A copy of the approval is sent to the District Vocational Education Officer. This Officer looks after the various dimensions of the scheme and its implementation in his district.
