This is to certify that the thesis entitled "A study of Computerised Inventory Models for an engineering industry" submitted for the award of "Master of Philosophy" in commerce and management to the Shivaji University, Kolhapur, is a work of genuine and bonafide research carried out by Mr. T. M. Garud under my guidance and supervision.

To the best of my knowledge no part of this work has been submitted for any degree or has been published earlier. All the references in completing this thesis have been duly acknowledge by him.
