CHAPTER IV DATA ANALYSIS AND INTERPRETATION

Chapter 4: Data Interpretation & Analysis: General section Tabular data:

| Table 4.3: Gender of respondents owning cellular services | | | | | |
|---|-------------|--------------------|------------|--|--|
| Sr.no. | Particulars | No. of respondents | Percentage | | |
| 1 | Male | 95 | 63.33 | | |
| 2 | Female | 55 | 36.67 | | |
| | Total | 150 | 100 | | |

Graphical representation:

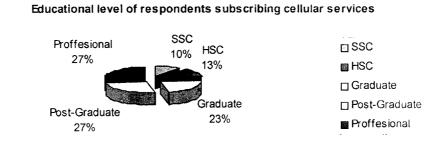

Interpretation:

The above table indicates out of 150 respondents availing cellular services, 63.33 % are male & 36.67 % are female indicating majority residing with the male population due to the multidimensional role they shoulder in the society.

| Table 4.4: Education level of respondents subscribing to cellular services | | | | | | |
|--|---------------|--------------------|------------|--|--|--|
| Sr.no. | Particulars | No. of respondents | Percentage | | | |
| 1 | SSC | 15 | 10 | | | |
| 2 | HSC | 20 | 13.33 | | | |
| 3 | Graduate | 35 | 23.33 | | | |
| 4 | Post-Graduate | 40 | 26.67 | | | |
| 5 | Professional | 40 | 26.67 | | | |
| | Total | 150 | 100.00 | | | |

Graphical representation:

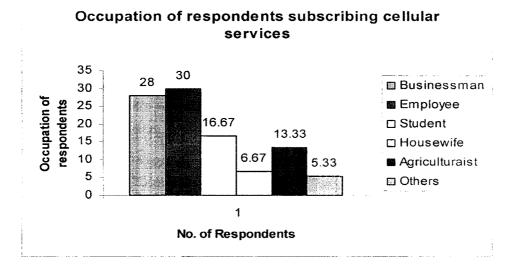

Interpretation:

Out of the 150 respondents interviewed the above table indicates majority of the respondents subscribing cellular services 26.67% are Post graduates & Professionals respectively followed by Graduates 23.33%, HSC 13.33% & SSC 10%.

| Table 4. | 5: Occupation of res | pondents subscribing to cells | ılar services |
|----------|----------------------|-------------------------------|---------------|
| Sr.no. | Particulars | No. of respondents | Percentage |
| 1 | Businessman | 42 | 28 |
| 2 | Employees | 45 | 30 |
| 3 | Student | 25 | 16.67 |
| 4 | Housewife | 10 | 6.67 |
| 5 | Agriculturist | 20 | 13.33 |
| 6 | Others | 8 | 5.33 |
| | Total | 150 | 100 |

Graphical representation:

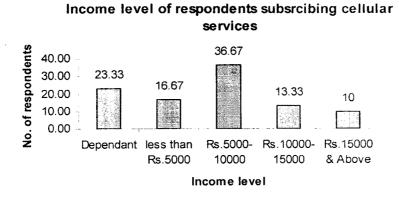

Interpretation:

The above table indicates occupation wise distribution of majority of the respondents subscribing cellular services with employees having share of 30% closely followed by businessman 28%, students 16.67%, agriculturist 13.33%, housewives 6.67%, others 5.33% respectively.

| Sr.no. | Particulars | No. of respondents | Percentage | |
|--------|-------------------|--------------------|------------|--|
| 1 | Dependant | 35 | 23.33 | |
| 2 | less than Rs.5000 | 25 | 16.67 | |
| 3 | Rs.5000-10000 | 55 | 36.67 | |
| 4 | Rs.10000-15000 | 20 | 13.33 | |
| 5 | Rs.15000 & Above | 15 | 10 | |
| | Total | 150 | 100.00 | |

Graphical representation:

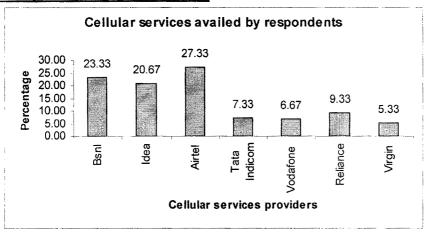

Interpretation:

Majority of the respondents availing cellular services income belong to the income group of Rs.5000-Rs.10000 i.e. 36.67% followed by dependents 23.33%, less than Rs.5000 16.67%, Rs.10000 – Rs.15000 13.33% & Rs.15000 & above 10%.

| Sr.no. | Cellular Service Providers | No. of respondents | Percentage |
|--------|----------------------------|--------------------|------------|
| 1 | Bsnl | 35 | 23.33 |
| 2 | Idea | 31 | 20.67 |
| 3 | Airtel | 41 | 27.33 |
| 4 | Tata Indicom | 11 | 7.33 |
| 5 | Vodafone | 10 | 6.67 |
| 6 | Reliance | 14 | 9.33 |
| 7 | Virgin | 8 | 5.33 |
| | Total | 150 | 100.00 |

Graphical representation:

Interpretation:

Out of 150 respondents interviewed majority of the respondents 27.33% subscribe to Airtel followed by Bsnl 23.33%, Idea 20.67%, Reliance 9.33%, Tata Indicom 7.33%, Vodafone 6.67% & Virgin 5.33% respectively.

| Table 4.10: Cellphone/Handsets currently availed by respondents | | | | | | | |
|---|------------------|-----|-----|--|--|--|--|
| Sr.no. Cellphone/Handsets No. of respondents Percen | | | | | | | |
| 1 | Company provided | 45 | 30 | | | | |
| 2 | Personally owned | 105 | 70 | | | | |
| | Total | 150 | 100 | | | | |

Graphical representation:

Cellphone/Handsets currently availed by respondents

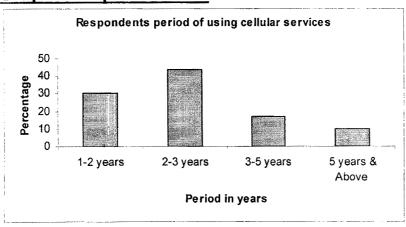

3

Interpretation:

Out of 150 respondents interviewed the above table indicates majority of the respondents interviewed possess personally owned handsets 70% while only 30% of the population own company provided handsets.

| Table 4.11: Respondents period of using cellular services | | | | | | |
|---|-----------------|--------------------|------------|--|--|--|
| | Usage pattern | No. of respondents | Percentage | | | |
| 1 | 1-2 years | 45 | 30 | | | |
| 2 | 2-3 years | 65 | 43.33 | | | |
| 3 | 3-5 years | 25 | 16.67 | | | |
| 4 | 5 years & Above | 15 | 10.00 | | | |
| | Total | 150 | 100 | | | |

Graphical representation:

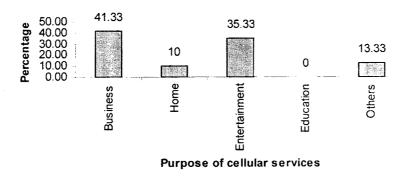

Interpretation:

The above table indicates 43.33% respondents use cellular services for a period of 2-3 yrs followed by 30% using cellular services for a period of 1-2 yrs, 16.67% using cellular services for a period of 3-5 yrs, 10 % using cellular services for a period of 5 yrs & above.

| Sr.no. | Purpose of cellular No. of services respondent | | Percentage | |
|--------|--|-----|------------|--|
| 1 | Business | 62 | 41.33 | |
| 2 | Home | 15 | 10 | |
| 3 | Entertainment | 53 | 35.33 | |
| 4 | Education | 0 | 0 | |
| 5 | Others | 20 | 13.33 | |
| | Total | 150 | 100.00 | |

Graphical representation:

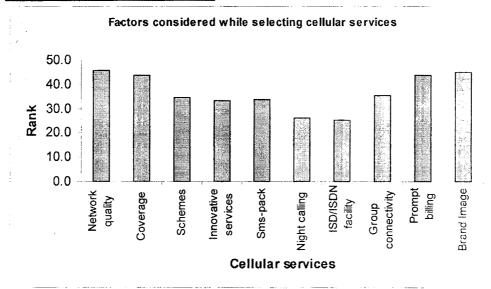

Interpretation:

The above table indicates 41.33% use cellular services for business purpose, while 35.33% use cellular services for entertainment, 13.33% use it for other uses viz. stock news, astrology, sms etc. followed by 10% who use cellular services to remain in close touch with family & friends.

| • | | R | Respondents-Rating | | | | | | |
|--------|---------------------|----|--------------------|----|----|-----|-------|--------|------|
| Sr.no. | Factors | 1 | 2 | 3 | 4 | 5 | Total | W/Avg. | Rank |
| 1 | Network quality | 0 | 0 | 20 | 25 | 105 | 685 | 45.7 | 1 |
| 2 | Coverage | 0 | 15 | 15 | 20 | 100 | 655 | 43.7 | 3 |
| 3 | Schemes | 20 | 22 | 25 | 35 | 48 | 519 | 34.6 | 6 |
| 4 | Innovative services | 15 | 35 | 25 | 35 | 40 | 500 | 33.3 | 8 |
| 5 | Sms-pack | 22 | 22 | 29 | 35 | 42 | 503 | 33.5 | 7 |
| 6 | Night calling | 46 | 34 | 26 | 24 | 20 | 388 | 25.9 | 9 |
| 7 | ISD/ISDN facility | 38 | 50 | 23 | 24 | 15 | 378 | 25.2 | 10 |
| 8 | Group connectivity | 16 | 14 | 35 | 45 | 40 | 529 | 35.3 | 5 |
| 9 | Prompt billing | 10 | 5 | 5 | 30 | 100 | 655 | 43.7 | 4 |
| 10 | Brand Image | 0 | 0 | 15 | 45 | 90 | 675 | 45.0 | 2 |

Graphical representation:

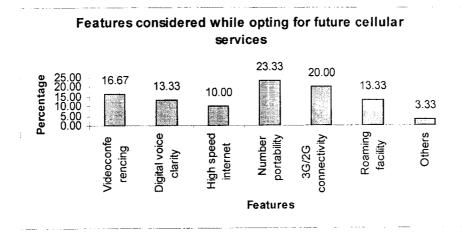

Interpretation:

Out of 150 respondents interviewed the above table indicates majority of the respondents have ranked network quality as their first choice while subscribing to cellular services while secondary preference is given to brand image followed by coverage, prompt billing, group connectivity, schemes, Sms pack, innovative services, night calling & ISD/ISDN facilities respectively.

| Sr.no. | Features | No. of respondents | Percentage |
|--------|-----------------------|--------------------|------------|
| 1 | Videoconferencing | 25 | 16.67 |
| 2 | Digital voice clarity | 20 | 13.33 |
| 3 | High speed internet | 15 | 10.00 |
| 4 | Number portability | 35 | 23.33 |
| 5 | 3G/2G connectivity | 30 | 20.00 |
| 6 | Roaming facility | 20 | 13.33 |
| 7 | Others | 5 | 3.33 |
| | Total | 150 | 100.00 |

Graphical representation:

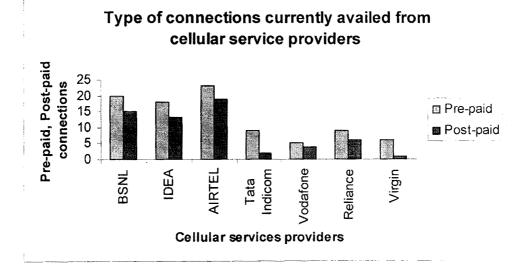

Interpretation:

The above table indicates majority of the respondents 23.33% prefer number portability as it gives them an opportunity to experiment different services of the cellular services provider retaining their existing number thus avoiding unnecessary documentation & expenses. 20% respondents opine 3G/2G connectivity as it provides wide scope of digital connectivity,

seamless connectivity, virtually zero call drops, accessing TV channels & visiting popular websites.13.33% respondents opined digital voice clarity & roaming facility respectively as Sangli district as a whole is bent on industrialization & offering customized services to its customers. 16.67% respondent's opined video conferencing as new trend to view & speak to their family & friends .10% respondents opined high speed internet as the current internet services do not stand as per the promises offered, while 3.33% preferred other services like further drop in local, Isd/Isdn call rates, customized services etc.

| Sr.no. | Connections | No. of respondents | | | | | | |
|--------|-------------|--------------------|------|--------|-----------------|----------|----------|--------|
| | | BSNL | IDEA | AIRTEL | Tata Indicom | Vodafone | Reliance | Virgin |
| 1 | Pre-paid | 20 | 18 | 22 | 9 | 5 | 9 | 6 |
| 2 | Post-paid | 15 | 13 | 19 | 2 | 5 | 6 | 1 |
| | Total | 35 | 31 | 41 | 11 | 10 | 15 | 7 |

Graphical representation:

Interpretation:

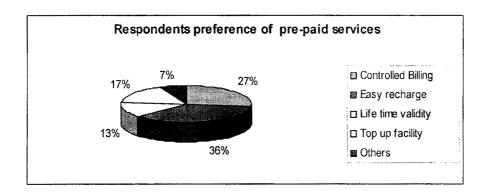

The above table indicates the type of connections viz. pre-paid, postpaid where Airtel is clearly stands the leader with 41% share followed by Bsnl 35%, Idea 31%, Reliance 15%, Tata Indicom 11%, Vodafone 10%, Virgin 7%.

Pre-paid services

Tabular data:

| Table | Table 4.17: Respondents preference of pre-paid services | | | | | | | |
|--------|---|--------------------|------------|--|--|--|--|--|
| Sr.no. | Preferences | No. of respondents | Percentage | | | | | |
| 1 | Controlled Billing | 24 | 26.67 | | | | | |
| 2 | Easy recharge | 33 | 36.67 | | | | | |
| 3 | Life time validity | 12 | 13.33 | | | | | |
| 4 | Top up facility | 15 | 16.67 | | | | | |
| 5 | Others | 6 | 6.67 | | | | | |
| | Total | 90 | 100 | | | | | |

Graphical representation:

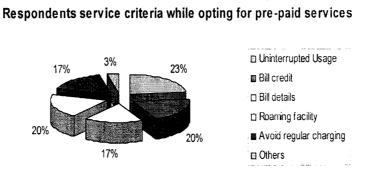

Interpretation:

The above table indicates out of 90 respondents, 36.67% respondents prefer easy recharge when it comes to pre-paid services followed by controlled billing 26.67%, top up facility16.67%, life time validity 13.33% & others viz. drop in call rates, availability, recharge outlets etc.

| Sr.no. | Services Criteria | No. of respondents | Percentage |
|--------|------------------------|--------------------|------------|
| 1 | Uninterrupted Usage | 21 | 23.33 |
| 2 | Bill credit | 18 | 20 |
| 3 | Bill details | 15 | 16.67 |
| 4 | Roaming facility | 18 | 20 |
| 5 | Avoid regular charging | 15 | 16.67 |
| 6 | Others | 3 | 3.33 |
| | Total | 90 | 100 |

Graphical representation:

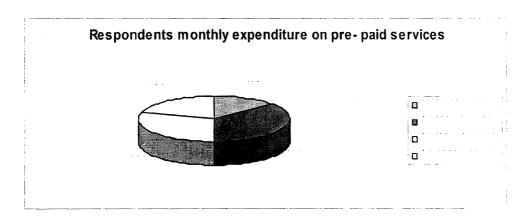

Interpretation:

The above table indicates that majority of the respondents 23.33% prefer uninterrupted usage while opting for pre-paid services followed by bill credit & roaming facilities 20% each, bill details & avoiding regular charging 16.67% respectively & while 3.33% respondents opine others viz. drop in call rates, availability, recharge outlets etc.

| Table 4.19: Respondents monthly expenditure on pre- paid services | | | | | | | |
|---|---------------------|--------------------|------------|--|--|--|--|
| Sr.no. | Monthly expenditure | No. of respondents | Percentage | | | | |
| 1 | Less than Rs.500 | 12 | 13.33 | | | | |
| 2 | Rs.500 - Rs.1000 | 33 | 36.67 | | | | |
| 3 | Rs.1000- Rs.5000 | 27 | 30 | | | | |
| 4 | Rs.5000 & above | 18 | 20 | | | | |
| | Total | 90 | 100 | | | | |

Graphical representation:

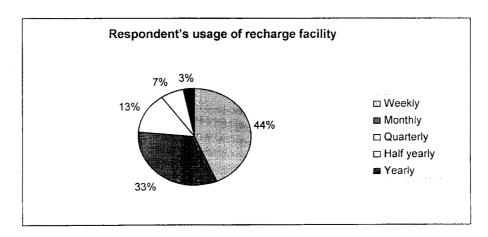

Interpretation:

The above table indicates 36.67% respondents incur monthly expenditure on pre-paid services between Rs.500-Rs.1000 followed by 30% respondents who spend in the range of Rs.1000-Rs.5000. While 20% respondents falls in the group of Rs.5000 & above, 13.33% spend less than Rs.500 on pre-paid services.

| Table 4 | Table 4.20: Respondents usage of recharge facility | | | | | | | | |
|---------|--|--------------------|------------|--|--|--|--|--|--|
| Sr.no. | Recharge facility usage | No. of respondents | Percentage | | | | | | |
| 1 | Weekly | 39 | 43.33 | | | | | | |
| 2 | Monthly | 30 | 33.33 | | | | | | |
| 3 | Quarterly | 12 | 13.33 | | | | | | |
| 4 | Half yearly | 6 | 6.67 | | | | | | |
| 5 | Yearly | 3 | 3.33 | | | | | | |
| | Total | 90 | 100 | | | | | | |

Graphical representation:

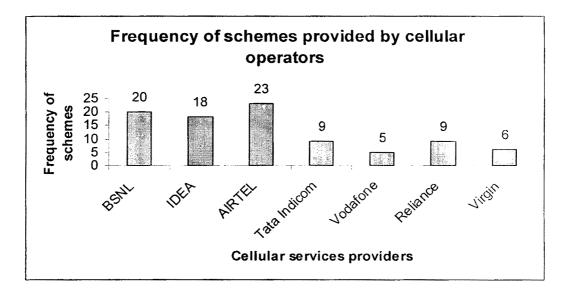

Interpretation:

Majority of respondents 43.33% prominently use recharge facility weekly followed by 33.33% respondents who use the same monthly. 13.33% respondents use recharge facility quarterly while 6.67% respondents use the recharge facility half yearly, 3.33% respondents use the recharge facility yearly.

| | 4.21: Frequency of | f schemes pr | ovided | | | | | |
|--------|----------------------|--------------|--------|--------|----------------------------------|----------|----------|--------|
| Sr.no. | | | | N | o. of response | ndents | | |
| | Frequency of schemes | BSNL | IDEA | AIRTEL | Tata Indicom | Vodafone | Reliance | Virgin |
| 1 | No schemes | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| 2 | Occasionally | 2 | 2 | 5 | 2 | 1 | 1 | 2 |
| 3 | Frequently | 8 | 9 | 6 | 1 | 1 | 1 | 2 |
| 4 | Seasonally | 9 | 6 | 10 | 5 | 2 | 6 | 1 |
| 5 | Rarely | 1 | 1 | 2 | 1 | 1 | 1 | 1 |
| | Total | 20 | 18 | 23 | 9 | 5 | 9 | 6 |

Graphical representation:

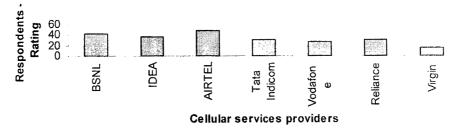

Interpretation:

As far as the frequency of schemes are concerned, the above table clearly indicates Airtel 23% out stands its competitors Bsnl 20%, Icea 18%, Reliance& Tata Indicom 9% each, Virgin 6%, followed by Vodafone 5% by providing innovative schemes frequently, seasonally, occasionally thus gaining market leadership position in around Sangli district in prepaid services.

| | Total | 35 | 32 | 48 | 26 | 24 | 24 | 12 | | |

Graphical representation:

Interpretation:

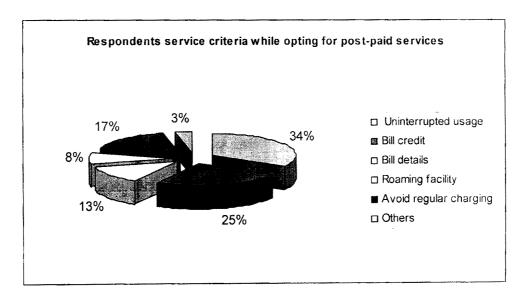

The above table indicates Airtel 48% has the highest satisfaction level as compared to Bsnl 35%, Idea 32%, Tata Indicom 26%, Vodafone 24%, Reliance 24% & Virgin 12% & clearly stating its leadership status in terms of satisfaction in Sangli district.

Post-paid services

Tabular data:

| Table | Table 4.25: Respondents service criteria while opting for post-paid services | | | | | | | |
|--------|--|--------------------|------------|--|--|--|--|--|
| Sr.no. | Services Criteria | No. of respondents | Percentage | | | | | |
| 1 | Uninterrupted usage | 20 | 33.33 | | | | | |
| 2 | Bill credit | 15 | 25.00 | | | | | |
| 3 | Bill details | 8 | 13.33 | | | | | |
| 4 | Roaming facility | 5 | 8.33 | | | | | |
| 5 | Avoid regular charging | 10 | 16.67 | | | | | |
| 6 | Others | 2 | 3.33 | | | | | |
| | Total | 60 | 100.00 | | | | | |

Graphical representation:

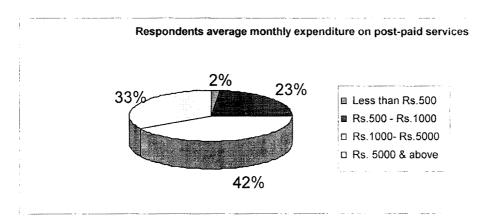

Interpretation:

The above table indicates majority of respondents 33.33% opt for uninterrupted usage followed by 25% respondents preferring bill credifacilities while 16.67% respondents prefer avoiding regular charging 13.33% respondents prefer bill details, 8.33% respondents prefer roaming facility, 3.33% respondents preferring other services viz. seamles: connectivity, network quality, zero call drops etc.

| Table 4 | Table 4.26: Respondents average monthly expenditure on post-paid services | | | | | | | |
|---------|---|--------------------|------------|--|--|--|--|--|
| Sr.no. | Monthly expenditure | No. of respondents | Percentage | | | | | |
| 1 | Less than Rs.500 | 1 | 1.67 | | | | | |
| 2 | Rs.500 - Rs.1000 | 14 | 23.33 | | | | | |
| 3 | Rs.1000- Rs.5000 | 25 | 41.67 | | | | | |
| 4 | Rs. 5000 & above | 20 | 33.33 | | | | | |
| | Total | 60 | 100.00 | | | | | |

Graphical representation:

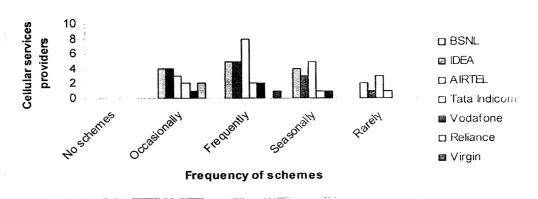

Interpretation:

Out of 60 post-paid respondents majority of the respondents availing cellular services income belong to the income group of Rs.1000-Rs.5000 i.e. 41.67% followed by 33.33%, between income group of Rs5000 & above. While respondents between income groups of Rs.500-1000 spend 23.33% on post-paid services & only 1.67% respondents between income groups of less than Rs.500 are found to avail post-paid services.

| | Total | 100 | 100 |

Graphical representation:

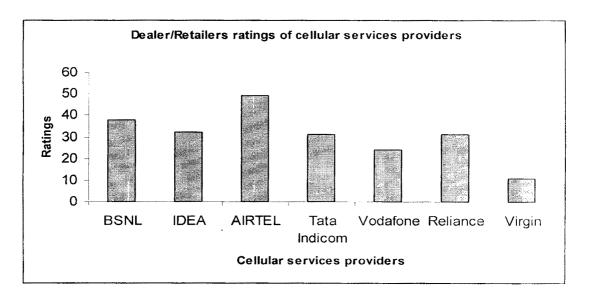

Interpretation:

45% customers found to allocate monthly expenses between Rs.150-Rs.500 for cellular services regularly belonged to the student community.35% customers who allocated monthly expenses between Rs.500-Rs.1000 belonged to the professionals, entrepreneur segment. 5% customers who allocated monthly expenses between Rs.1000 & above belonged to corporate sector. 15% customers who allocated monthly expenses less than Rs.150 belonged to adult segment.

| Sr no. | Future expectations of cellular services | No. of respondents | Percentage |
|--------|--|--------------------|------------|
| 1 | Lower tariffs | 30 | 30 |
| 2 | Customized services | 25 | 25 |
| 3 | Small amount recharge | 15 | 15 |
| 4 | Innovative services | 25 | 25 |
| 5 | Others | 5 | 5 |
| | Total | 100 | 100 |

Graphical representation:

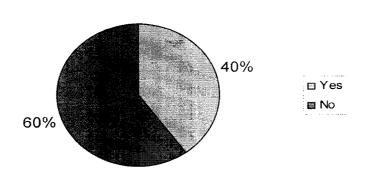

Interpretation:

35% customers cited lower tariffs in the near future, 25% customers opined customized & innovative services, 15% customers opined small amount recharge while 5% cited others viz. free roaming, free portability ,call waiting, free CLIP (caller line identification presentation) charges in the near future.

| Sr no. | Cellular services stand on promises offered | No. of respondents | Percentage |
|-----------|---|--------------------|------------|
| 1 | Yes | 40 | 40 |
| 2 | No | 60 | 60 |
| | Total | 100 | 100 |

Graphical representation:

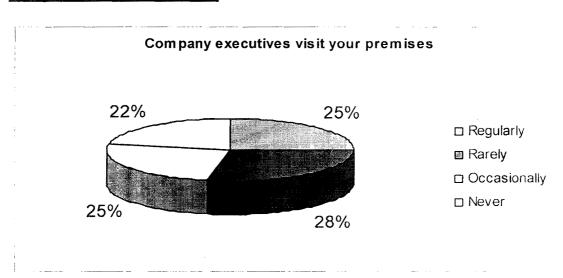

Interpretation:

60% customers cited that cellular services providers do not stand on promises they offer while 40% customers replied in favour of the promises delivered by cellular services providers.

| Sr no. | Company executives visits | No. of respondents | Percentage |
|--------|---------------------------|--------------------|------------|
| 1 | Regularly | 25 | 25 |
| 2 | Rarely | 28 | 28 |
| 3 | Occasionally | 25 | 25 |
| 4 | Never | 22 | 22 |
| | Total | 100 | 100 |

Graphical representation:

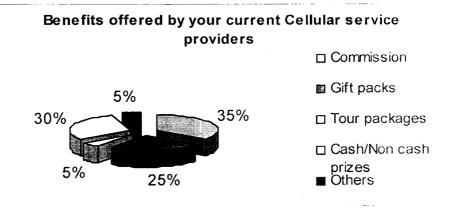

Interpretation:

28% dealers / retailers cited that company executives paid visits rarely to their premises. 25% dealers / retailers opined company executives visited them regularly & on occasions. While 22% dealers / retailers complained that company executives never visited them.

| Sr no. | Benefits offered by Cellular service providers | No. of respondents | Percentage |
|-----------|--|--------------------|------------|
| 1 | Commission | 35 | 35 |
| 2 | Gift packs | 25 | 25 |
| 3 | Tour packages | 5 | 5 |
| 4 | Cash/Non cash prizes | 30 | 30 |
| 5 | Others | 5 | 5 |
| | Total | 100 | 100 |

Graphical representation:

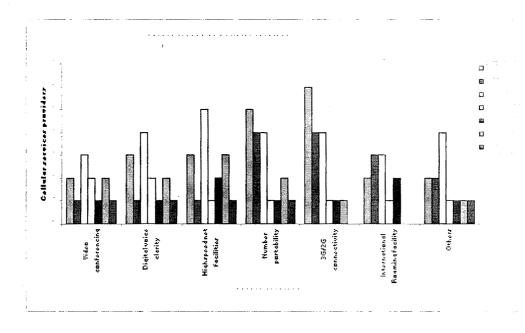

Interpretation:

Majority of dealers / retailers responded that commission 35% stands the main benefit provided by cellular operators. Some dealers/retailers cite that cash/non cash prizes 30%, gift packs 25% are the benefits provided by cellular operators. Only minority of them opine gift packs & others 5% respectively as benefits offered by cellular operators.
