

## D E C L A R A T I O N

This work reports a new investigation. The sources from which the information required for this work is gathered have been listed in the references. The content, journals, reviews, textbooks and monographs have been extensively referred and correlated. Every attempt has been made to keep the reference work as up to date as possible. The present work is based on the discovery of the facts which are new for Medicago sativa. This work has not been previously submitted for the award of any degree.
