

### ACKNOWLEDGEMENT

It gives me great pleasure to express my deep sense of gratitude to Dr.K.S.Patil , M.Sc.,Ph.D., for suggesting the problem and for valuable help and guidance throughout the course of this investigation. His able guidance and valuable encouragement helped me immensely in the successful completion of my dissertation.

My thanks are due to Principal V.T.Chaugule, Smt.K.W.College,Sangli, for giving me permission to work in his college and for providing laboratory facilities. I am also thankful to Principal Dr. B. A. Patil, Willingdon College, Sangli, for his encouragement and cooperation during the research work.

I am very much thankful to Dr. A. R. Kulkarni, Professor of Life Sciences, University of Bombay for kindly going through some of my slides and giving me valuable suggestions.

Particularly I am thankful to Dr. B. N. Kulkarni, Dean of Science faculty, Shivaji University and Prof. Dr. B. A. Hegade, Head of the Department of

Botany, Shivaji University, Kolhapur for their constant interest and encouragement during the completion of my dissertation.

The words are too short to express my heartiest gratitudes to my parents and sisters for their constant motivation and encouragement for my higher studies. I thank Mrs. Sapre N. R. for cooperation in completion of my thesis.

At last, but not the least I thank Mr. Mule for his assistance in photography and Miss Shah A. V. for careful typing of this thesis.

Finally I thank all my friends and well wishers who helped directly or indirectly to my dissertation work.
