

List of Plates

Plate No.	Description	After Page
1.1	Twig of <u>Tribulus terrestris</u> with fully bloomed flower.	.. -
2.1	A potted plant of <u>Tribulus terrestris</u> in the garden.	.. 11
3.1	Branches of <u>Tribulus terrestris</u> with flowers and fruits.	.. 11
3.2	A young growing branch of <u>Tribulus terrestris</u> with fully opened flower.	.. 11
4.1	The surface view of branch of <u>Tribulus terrestris</u> bearing fruits.	.. 11
4.2	The ventral view of a branch with fruits.	.. 11
5.1 & 5.2	The dried cocci of <u>Tribulus terrestris</u> after dehiscence.	... 13
6.1	Meiocyte of pollen mother cells exhibiting 12 bivalents.	.. 51
6.2	3.2 x 100 photograph of meiocyte of pollen mother cells of <u>Tribulus terrestris</u> showing nucleolar organizers.	.. 51
6.3	Photograph showing meiotic metaphase-I in pollen mother cells showing precocious movement of chromosomes.	.. 51
6.4	Photographs showing Anaphase-I of pollen mother cell of <u>Tribulus terrestris</u> .	.. 51
7.1	Photograph showing metaphase-I in pollen mother cells of <u>Tribulus terrestris</u> .	.. 51

List of Plates (Contd..)

Plate no.	Description	After Page
7.2	Photograph showing prophase-II in pollen mother cell of meiosis.	.. 51
7.3	Meiocyte showing Anaphase-II of meiosis. Note - no cytokinesis is seen after Meiosis-1.	.. 51
7.4	Metaphase-II in pollen mother cell. Note - Orientation of metaphase plate in plane of division perpendicular to the first meiosis.	.. 51
8.1	Photograph exhibiting telophase-II of Meiosis. Note - that one of the diad exhibiting disjunction of chromosome after meiotic metaphase-II.	.. 52
9.1	Plate showing low power magnification acetolysed pollen grains of <u>Tribulus terrestris</u> .	.. 54
9.2	Magnified picture of pollens taken under SEM Note - The pollen morphological peculiarities.	.. 54
9.3	More magnified picture of pollen grain as seen under SEM.	.. 54
9.4	Photograph of pollen grain under SEM dark field illumination.	.. 54
10.1	Moderately magnified picture of pollen grain seen under -	.. 54
10.2	Pollen grain as seen under SEM exhibiting colpi.	.. 54

List of Plates (Contd..)

Plate No.	Description		After Page
10.3	Photograph under SEM exhibiting high sulcus.	..	54
10.4	Reticulate exine ornamentation as seen in the SEM.	..	54
11.1 to 11.4	Magnified picture exine ornamentation as seen under SEM.	..	54
