

ACKNOWLEDGEMENT

I have the honour to offer my heartiest thanks to my beloved teacher Dr. B.A.Hegde, Professor and Head, Department of Botany, Shivaji University Kolhapur. Under his encouragement and masterly guidance this piece of research work has been completed. It was really an immense pleasure and privilege under his indefatigable guidance.

With great pleasure I owe a debt of gratitude to Principal P.R. Mahurkar who has given me this facility by deputing me to M.Phil. course under faculty improvement programme of U.G.C.

It is my duty to thank U.G.C. for giving me this chance under Basic assistance scheme and all authorities of Shivaji University for allowing me to complete this work in the department of Botany.

I am very much thankful to all teaching and non-teaching staff for rendering me generous help in many respects.

I must put into the record the help rendered by Dr. S.R. Yadav and Shri M.R. Deshmukh, Shri G.S.Kulkarni and Shri B.Mohite.

I should acknowledge with gratitude here that this work could not have been concluded without the voluntary encouragement and inspiration extended to me by my beloved mother and father and other family members.

I express my sincere thanks to Shri Anil Tapke, Shri A.G. Peshwe, Shri Nandkumar Nalawade for their kind cooperation and moral support.

I offer my appreciation to Miss Geeta Gosavi for clean typing and Shri D.M. Bhivangade for neat binding.
