I am extremely fortunate to have Dr. T.M.Patil as my guide. The successful completion of this work is due to his rich guidance. It gives me immense pleasure to express my deep sense of gratitude and sincere thanks to him. I remain ever grateful to him for his sympathy and the help that he so generously bestowed on me. My words fall short to thank and show my sincere gratitude to him.

I am glad to take this opportunity to express my heavy debt of gratitude to our illustrious professor Dr.B.A.Hegde, Head, Department of Botany, Shivaji University, Kolhapur, for his constant encouragement, keen interest in my progress and for his critical suggestions throughout my work.

My sincere thanks are also due to all the teaching and non-teaching staff of this department for their kind co-operation throughout my fellowship tenure.

It is my pleasant duty to acknowledge indebtedness to U.G.C. New Delhi for awarding me teacher fellowship, and to the authorities of Shivaji University Kolhapur for providing the facilities to work in Botany Dept.

I also owe my sincere thanks to the management, principal and to the staff of my college for giving me an opportunity to join the course.

I also thank Dr. M.R.Lugade and Miss K.K.Kulkarni, who helped a lot throughout the research work.

My thanks are also due to Shri M.R.Deshmukh, Shri A.G.Gosavi, Shri P.V.Ravan and to Shri Bhiungade for their skillful art respectively in photography, typing, tracing and binding of my dissertation.

It would not be appropriate, if I do not manifest my sincere thanks to my family members who always provided me a favourable environment for the successful completion of this work.
