

ACKNOWLEDGEMENT

I was eagerly waiting for the day to express my heart-strings about Dr. T.M.Patil. I consider myself as extremely fortunate to have worked under him, during the course of my research. My words fall short to express my feelings. His constant encouragement and valuable guidance in the task are greatly responsible for inspiring me to complete this piece of work.

I sincerely acknowledge with gratitude to Dr. B.A.Hegde, Professor and Head, Department of Botany, Shivaji University, Kolhapur for his unstinting help and encouragement, critical suggestions and providing necessary research facilities.

My sincere thanks are also due to all the teaching and non-teaching staff of this department for their kind co-operation in completion of this work. It would be ungracious if I do not acknowledge Miss Geeta Gosavi, Shri M.R.Deshmukh, Shri P.K.Kulkarni, and Shri D.M.Bhuingade for their art in typing, photography, tracing and printing respectively.

I would like to offer my appreciation and sincere thanks to all my colleagues and friends for their ever willing assistance

...

This work of mine owes a lot of gratitude to the members of my family - my parents and brothers Chandrakant and Anil for their co-operation, inspiration and moral support. I also take this opportunity to express my sense of gratitude to Mrs. Swati Patil for the cordial treatment extended to me.
