Fig.No.	C a p t i o n	Page
<u>Chapter I</u>		
1	Plants of <u>Agave cantala</u> Roxb.	7
<u>Chapter III</u>		
2	Seasonal variations in sodium and potassium contents in the leaves of <u>Agave cantala</u>	60
3	Seasonal variations in calcium contents in the leaves of <u>Agave cantala</u>	71
4	Seasonal variations in magnesium contents in the leaves of <u>Agave cantala</u>	78
5	Seasonal variations in iron contents in the leaves of <u>Agave cantala</u>	84
6	Seasonal variations in moisture percentage in the leaves of <u>Agave cantala</u>	90
7	Seasonal variations in TAN values in the leaves of <u>Agave cantala</u>	95
8	Seasonal variations in total carbohydrate contents in the leaves of <u>Agave cantala</u>	100
9	Seasonal variations in carbohydrate fractions in the leaves of <u>Agave cantala</u>	101
10	Seasonal variations in polyphenol content in the leaves of <u>Agave cantala</u>	111

Fig.No.	C a p t i o n	Page
11	Seasonal variations in proline contents in the leaves of <u>Agave cantala</u>	115
12	Seasonal variations in chlorophyll contents in the leaves of <u>Agave cantala</u>	122
13	Seasonal variations in the total chlorophylls in the leaves of <u>Agave cantala</u>	123
14	Seasonal variations in carotenoid contents in the leaves of <u>Agave cantala</u>	130
15	Seasonal variations in diffusion resistance to water vapour in the leaves of <u>Agave cantala</u>	133
16	Seasonal variations in transpiration rate in the leaves of <u>Agave cantala</u>	135
17	Diurnal fluctuations in total carbohydrate contents in the leaves of <u>Agave cantala</u> in different seasons.	145
18	Diurnal fluctuations in reducing and non- reducing sugars in the leaves of <u>Agave cantala</u> in different seasons.	146
19	Diurnal fluctuations in starch contents in the leaves of <u>Agave cantala</u> in different seasons.	147
20	Diurnal fluctuations in Acid contents (TAN) in the leaves of <u>Agave cantala</u> in different seasons.	153
