

ACKNOWLEDGEMENT

It gives me great pleasure to express my deepest sense of gratitude to Dr. A.B. Sabale, my research guide for her stimulating encouragement and the kind co-operation given to me throughout the work. It was a rare experience to work under her able and inspiring guidance.

I am very much thankful to Dr. B.A. Hegade, Head of the Botany Department, for his constant help and facilities provided by him.

I am very grateful to Mr. V.M. Ranade, Principal, Gogate-Jigalekar College, Ratnagiri for deputing me to this research work. I am gratefully indebted to Mr. P.N. Deshmukh, head of department & all the teaching staff of my college.

I sincerely acknowledge the authorities of U.G.C. New Delhi for awarding me teacher fellowship under F.I.P.

My sincere thanks are due to Dr. L.J. Bhosale for her valuable suggestions.

I have no words to express my sincere thanks to Bharat Misal, who helped me a lot in the nick of time. I am highly obliged to the teaching staff and research colleagues of Botany Department for their kind co-operation rendered to me.

With a deep sense of gratitude, I thank my parents for their patience and constant encouragement. It would be ungracious if I do not acknowledge Surekha, my beloved wife, who looked after my

family members and helped me to complete the work successfully.

I will never forget the Shaha family, who managed my staying arrangements and made me to feel at home.

I must thank Mr. S.B.Desai for his helpful comments, Mr. Ravan for tracing work and Miss Geeta Gosavi for prompt and neat typing.

Finally, I express my deep sense of gratitude to all my well wishers.
