

## LIST OF TABLES

<u>Table No.</u>	<u>Title</u>	<u>Page</u>
1.	Historical development of pesticides .	3
2.	Use of insecticides in Maharashtra .	6
3.	Some toxicologically related events involving pesticides .	9
4.	Effect of Endosulfan and Methyl parathion on germination of jowar seeds .	39
5.	Effect of Endosulfan and Methyl parathion on seedling growth in jowar seeds during different stages of germination .	42
6.	Effect of Endosulfan and Methyl parathion on weight of seedling after 96 h of germination .	48
7.	Effect of Endosulfan on the development of lateral roots in germinating jowar seeds .	50
8.	Effect of Endosulfan and Methyl parathion on starch content in germinating seeds of jowar .	53
9.	Effect of Endosulfan on $\alpha$ - Amylase activity in germinating seeds of jowar .	56
10.	Effect of Methyl parathion on $\alpha$ - amylase activity in germinating seeds of jowar .	59
11.	Effect of Endosulfan on protease activity in germinating seeds of jowar .	63
12.	Effect of Methyl parathion on protease activity in germinating seeds of jowar .	65
13.	Effect of Endosulfan on acid-phosphatase activity in germinating seeds of jowar .	69
14.	Effect of Methyl parathion on acid phosphatase activity in germinating seeds of jowar .	71
15.	Effect of Endosulfan on alkaline phosphatase activity in germinating seeds of jowar .	75
16.	Effect of Methyl parathion on alkaline phosphatase activity in germinating seeds of jowar .	78

<u>Table No.</u>	<u>Title</u>	<u>Page</u>
17.	Effect of Endosulfan on catalase activity in germinating seeds of jowar.	88
18.	Effect of Methyl parathion on catalase activity in germinating seeds of jowar.	90
