Phone : 30128

O. No.

Date : April 8, 94

**APPENDIX - F**

**CERTIFICATE**

This is to certify that Mr. Paranjape Vikas Gajanan a student of M. Phil (Education), Shivaji University, Kolhapur, conducted his research work in this school.

The Investigator made two random groups (namely experimental and control group) of 8th Std students to conduct the experiment. He gave a pre-test for 8th and 9th chapters of 8th standard Algebra to both the groups in August 1993.

The experimental group was subjected to learning the two chapters through the computer centre of our school. Soon after a post test was conducted on the students for the chapters studied.

The control group was taught by using traditional method in the school in February and March 1994 and soon after a post test was given.

The researcher conducted both the pre-tests and post-tests with our assistance.
