

LIST OF FIGURES

| Sr.<br>No. | T i t l e   | After<br>Page |
|------------|---|---------------|
| 1.         | Photograph showing the effect of NaCl salinity on growth and development of <u>Setaria italica</u> cultivars SIC-1 (A) and CO-5 (B).  | .. 67         |
| 2.         | Effect of NaCl salinity on germination of <u>S.italica</u> cultivar SIC-1.  | .. 52         |
| 3.         | Effect of NaCl salinity on germination of <u>S.italica</u> cultivar CO-5.   | .. 53         |
| 4.         | Effect of NaCl salinity on biomass production in the seedlings of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.  | .. 58         |
| 5.         | Effect of NaCl salinity on the activity of nitrate reductase & nitrite reductase in the seedlings (120 h growth) of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance | .. 64         |
| 6.         | Effect of NaCl salinity on the fresh weight, dry weight & moisture content of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.                                      | .. 70         |
| 7.         | Effect of NaCl salinity on chlorophyll content in the leaves of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.  | .. 76         |
| 8.         | Effect of NaCl salinity on the polyphenol content in the leaves of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.   | .. 83         |

| Sr.<br>No. | T i t l e  | After<br>Page |
|------------|--|---------------|
| 9.         | Effect of NaCl salinity on the nitrate-nitrogen content in the different parts of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in the salt tolerance.                       | 87            |
| 10.        | Effect of NaCl salinity on the nitrite-nitrogen content in the different parts of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.                           | 90            |
| 11.        | Effect of NaCl salinity on the protein-nitrogen content in the different parts of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.                           | 92            |
| 12.        | Effect of NaCl salinity on the insoluble-nitrogen content in the different parts of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.                         | 94            |
| 13.        | Effect of NaCl salinity on proline content in the leaves & roots of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.   | 98            |
| 14.        | Effect of NaCl salinity on the activity of nitrate reductase and nitrite reductase in the leaves & roots of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance. | 104           |
| 15.        | Effect of NaCl salinity on the activity of glutamate oxaloacetate transaminase in the leaves and roots of <u>S.italica</u> cultivars (SIC-1 & CO-5) differing in salt tolerance.   | 110           |

| Sr.<br>No. | T i t l e  | After<br>Page |
|------------|--|---------------|
| 16.        | Effect of NaCl salinity on the activity of alanine amino transferase in the leaves and roots of <i>S.italica</i> cultivars (SIC-1 & CO-5) differing in salt tolerance. | .. 112        |
| 17.        | Effect of NaCl salinity on the activity of glutamine synthetase in the leaves of <u><i>S.italica</i></u> cultivars (SIC-1 & CO-5) differing in salt tolerance.         | .. 115        |
| 18.        | Effect of NaCl salinity on the activity of glutamate dehydrogenase in the leaves of <u><i>S.italica</i></u> cultivars (SIC-1 & CO-5) differing in salt tolerance.      | .. 117        |
