

LIST OF FIGURES

FIGURE	TITLE	PAGE
1	Location map of study area	... 8
2	Map showing the collection sites	... 9
3	Monthly variation in temperature of air(A) and water(W) along different sites	... 15
4	Monthly variation in pH of water(W) and soil(S) along different sites	... 17
5	Monthly variation in salinity of water (W) and soil (S) along different sites	... 22
6	Monthly variation of Cd, Pb, Hg and Zn in water along different sites	... 25
7	Heavy metal cycle in estuarine environment	... 30
8	Variation in chlorophyll content of the leaves of <u>S. alba</u> along the five sites	... 49
9	Variation in chlorophyll content of the leaves of <u>A. corniculatum</u> and <u>A. ilicifolius</u> along the three sites	... 50
10	Variation in chlorophyll content of the leaves of <u>A. marina</u> and <u>C. tagal</u> along the two sites	... 51
11	Primary productivity and community respiration of the phytoplankton along the sites BP, BS and SW	... 57
12	Primary productivity and community respiration of the phytoplankton along the sites KR, JV and NM	... 58
