

CONTENT

CHAPTER NO.	TITLE	PAGE NO.
1	INTRODUCTION TO PROCESS CONTROL	
	1.1 Introduction	1
	1.2 Overview of process control system	3
	1.3 Block diagram of process control system	3
	1.4 Terminology	5
	1.5 Process characteristics	13
	1.6 Control system parameters	15
	1.7 Controller modes	18
2	INTRODUCTION TO SIMULATION	
	2.1 Introduction	34
	2.2 Classification	36
	2.3 Types of simulation	37
	2.4 Simulation terminology	39
	2.5 Collection and analysis of results	44
	2.6 Validation and experimentation	52
	2.7 Visual output	56
3	PROCESS SIMULATION	
	3.1 Introduction	60
	3.2 Process definition	61
	3.3 Theory and mathematical treatment	63
	3.4 Controller modes	67

4	DESCRIPTION OF SOFTWARE AND ITS OPERATION	
	4.1 Introduction	72
	4.2 Input parameters	73
	4.3 Features	74
	4.4 Flowcharting and listing of program	74
5	SUMMARY AND CONCLUSION	111
