CHAPTER	TITLE	PAGE
	INTRODUCTION	1- 8
I	REVIEW OF LITERATURE	9-35
	1.1 Weed Research in India	
	1.2 Aquatic Weeds	
	- Introduction	
	- General Account	
	- Economic Importance	
	1.3 Water Hyacinth (<u>Eichhornia crassipes</u>)	
	- Most troublesome Weed	
	- Ecology	
	- Physiology	
	- Role in water pollution	
	- Phytopathology	
II	MATERIALS AND METHODS	36-45
	2.1 Material	
	2.2 Methods	
	2.2.1 Growth performance	
	2.2.2 Stomatal density	
	2.2.3 Organic constituents	
	- Moisture content	
	- Chlorophylls	

CHAPTER	TITLE	PAGE
	2.2.4 Nitrogen metabolism	
	2.2.5 Inorganic constituents	
	2.2.6 Dissolved oxygen	
III	RESULTS AND DISCUSSION	46-96
	3.1 Geographical Distribution of <u>E. crassipes</u>	
	3.2 Growth Performance of <u>E. crassipes</u>	
	3.3 Stomatal study	
	3.4 Organic constituents	
	- Moisture content	
	- Chlorophylls	
	3.5 Nitrogen Metabolism	
	- Total nitrogen and proteins	
	- Nitrate reductase	
	- Behaviour of enzyme nitrate reductase	
	3.6 Inorganic Constituents	
	3.7 Dissolved Oxygen	
IV	SUMMARY AND CONCLUSION	97-103
	BIBLIOGRAPHY	104-125

LIST OF TABLES

TABLE	TITLE	PAGE
1.	Growth performance of the <u>Eichhornia crassipes</u> in light and shade habitat.	47
2.	Stomatal frequency in the leaves of <u>Eichhornia crassipes</u> from two different water bodies.	50
3.	Moisture percentage and Total solids of <u>Eichhornia crassipes</u> from two different water bodies.	52
4.	Chlorophyll content in leaves of <u>Eichhornia crassipes</u> .	53
5.	Total nitrogen and proteins of <u>Eichhornia crassipes</u> from two different water bodies.	58
6.	Activity of Nitrate reductase in <u>Eichhornia crassipes</u> .	..63
7.	Distribution of Nitrate reductase enzyme activity in different parts of <u>Eichhornia crassipes</u> at two different localities.	67
8.	Effect of substrate concentration on activity of Nitrate reductase in different parts of <u>Eichhornia crassipes</u> collected from two localities.	69

TABLE	TITLE	PAGE
9.	Effect of tissue weight on activity of Nitrate reductase in different parts of <u>Eichhornia crassipes</u> from two localities.	74
10.	Effect of Buffer pH on activity of Nitrate reductase in <u>Eichhornia crassipes</u> .	76
11.	Effect of Triton X-100 (surfactant) on activity of Nitrate reductase in <u>Eichhornia crassipes</u> .	79
12.	Effect of Temperature on activity of Nitrate reductase in different parts of <u>Eichhornia crassipes</u> from two localities.	81
13.	Inorganic constituents in different parts of <u>Eichhornia crassipes</u> and surrounding water.	84
14.	Dissolved oxygen [DO] and pH range of the water around <u>Eichhornia crassipes</u> at different localities.	94
