

LIST OF TABLES

Sr. No.	Contents
1	Monthly variation in temperature at three locations in the estuaries in and around Malvan.
2	Monthly variation of pH at three locations in the estuaries in and around Malvan.
3	Monthly variation in Salinity at three locations in the estuaries in and around Malvan.
4	Monthly variation in Dissolved Oxygen at three locations in the estuaries in and around Malvan.
5	Monthly variation in Biochemical Oxygen Demand at three locations in the estuaries in and around Malvan.
6	Monthly variation in Chemical Oxygen Demand at three locations in the estuaries in and around Malvan.
7	Monthly variation in Total Dissolved Solid at three locations in the estuaries in and around Malvan.
8	Monthly variation in Total Suspended Solid at three locations in the estuaries in and around Malvan.
9	Monthly variation in Chloride at three locations in the estuaries in and around Malvan.
10	Monthly variation in Nitrate at three locations in the estuaries in and around Malvan.
11	Monthly variation in Oil and Grease at three locations in the estuaries in and around Malvan.
12	Seasonal variation in heavy metal during winter season at three locations in the estuaries in and around Malvan.
13	Seasonal variation in heavy metal during Summer season at three locations in the estuaries in and around Malvan.
14	Seasonal variation in heavy metal during rainy season at three locations in the estuaries in and around Malvan.
15	Disposal pattern of solid waste at three locations in and around Malvan.
16	Disposal pattern of solid waste at three locations in and around Malvan.
