| <u>Fig.No.</u> | <u>Title</u>                                     | <u>Page</u> |
|----------------|--|-------------|
| 1.1            | Location   | ... 9       |
| 1.2            | Relief and Drainage                              | ... 14      |
| 1.3.1          | Average annual rainfall                          | ... 22      |
| 1.3.2          | Seasonal distribution of rainfall                | ... 24      |
|                | A) Rainy monsoon                                 |             |
|                | B) Hot season                                    |             |
|                | C) Cold season                                   |             |
|                | D) Post/Monsoon season                           |             |
| 1.3.3          | Variability of rainfall                          | ... 26      |
| 1.4.1          | Soil types                                       | ... 30      |
| 1.4.2          | Fertility (NPK) status of soil                   | ... 33      |
| 2.1.1          | A) Density of population                         | ... 38      |
|                | B) Density of rural population                   |             |
| 2.1.2          | A) Density of cultivators                        | ... 40      |
|                | B) Density of labours                            |             |
| 2.3            | Agricultural implements, 1981-85.                | ... 45      |
|                | A) Plough  |             |
|                | B) Oil pump                                      |             |
|                | C) Electric pump                                 |             |
|                | D) Tractors                                      |             |
| 2.4            | Area irrigated by different sources,<br>1981-85. | ... 47      |
