The scope of this dissertation is implicitly wide, because it covers the entire 'Varkari Sampradaya' as it cannot be confined to a mere academic pursuit. This dissertation has a vast predominant socio-economic religious overtones. I shall be failing in my duty if I do not extend my heartfelt thanks to my friends, colleagues, associate students and a number of acquaintances and anonymous persons who extended every possible co-operation to make this study a reality.

I feel overwhelmed with a deep sense of gratitude for his personal interest in me, and his valuable hints in the preparation of this dissertation without his able guidance this work would not have come into existence.
