

STATEMENT-I

The present work based on discovery of facts, which are new for Convolvulaceae of Maharashtra. Scrutiny of available literature on Family Convolvulaceae indicates that not much attention has been paid on Taxonomic, Palynological, Biochemical as well as cytological studies. Therefore the present work represents an original contribution to Taxonomy, Palynology, Biochemical and Cytological studies on family Convolvulaceae of Maharashtra. This work has not been previously submitted for the award of any degree to any institution.

STATEMENT-II

The present investigation embodies '**Morphotaxonomical studies on some members of Convolvulaceae**'. This work reports a new investigation. The source from which the information is gathered has been listed in the Bibliography part of the thesis. The current journals, reviews, articles and textbooks have been extensively referred and correlated. Every attempt has been made to keep the reference work as up to date as possible.
